About Me

What I Do at MSK

- Chief, Interventional Radiology Service
- Enid A. Haupt Chair in Clinical Investigation

Get To Know Me

I am an interventional radiologist who uses x-ray, CT, ultrasound, and MRI to perform procedures less invasively. I am Chief of the Interventional Radiology Service in the Department of Radiology and also Director of Memorial Sloan Kettering's Center for Image-Guided Interventions (CIGI). At CIGI, we are combining imaging processes and disciplines to develop and apply new image-guided cancer therapies to more effectively treat and cure disease.

Clinical Trials

Clinical Trials Co-Investigated by Dr. Solomon

A Phase II Study of LN-145 Immunotherapy in People with Metastatic Non-Small-Cell Lung Cancer

Find a Clinical Trial for You

Memorial Sloan Kettering's doctors and scientists are constantly developing new treatments for cancer. MSK is typically running hundreds of clinical trials at a given time.

You may be able to participate in a clinical trial even if you are new to MSK. Search our online directory to find trial information and see more about who can participate.

Disclosures

Doctors and faculty members often work with pharmaceutical, device, biotechnology, and life sciences companies, and other organizations outside of MSK, to find safe and effective cancer treatments, to improve patient care, and to educate the health care community.

MSK requires doctors and faculty members to report (“disclose”) the relationships and financial interests they have with external entities. As a commitment to transparency with our community, we make that information available to the public.

Stephen B. Solomon discloses the following relationships and financial interests:

Adgero Biopharmaceuticals Inc
