About Me

Get To Know Me

I am a board-certified internist and medical oncologist who specializes in the care of patients with breast cancer. I practice remotely at Memorial Sloan Kettering Cancer Center and am an active member of MSK's Breast Cancer Disease Management Team, with whom I meet regularly to discuss treatment advances and patient care.

My goal is to provide patients with the highest-quality medical care using both standard and investigational treatments. I work closely with my colleagues to provide optimal care for breast cancer patients. Members of our multidisciplinary teams include surgeons, medical and radiation oncologists, oncology nurses, social workers, nutritionists, and lymphedema therapists.

My Role at MSK

A breast oncologist is a doctor with special training in breast cancer.

Clinical Trials

Find a Clinical Trial for You

Memorial Sloan Kettering's doctors and scientists are constantly developing new treatments for cancer. MSK is typically running hundreds of clinical trials at a given time.

You may be able to participate in a clinical trial even if you are new to MSK. Search our online directory to find trial information and see more about who can participate.
