About Me

What I Do at MSK

- Associate Attending Physician

Get To Know Me

I am a board-certified medical oncologist with a practice that is dedicated to the treatment of patients with breast cancer. I provide my patients with individualized treatment plans based upon the most up-to-date research and therapies. I strive to provide compassionate care, to communicate effectively with my patients, and to assist them in making informed decisions about their care.

My research program is focused on understanding and working to reduce disparities in breast cancer outcomes.

My Role at MSK

A breast oncologist is a doctor with special training in breast cancer.

Find a Clinical Trial for You

Memorial Sloan Kettering's doctors and scientists are constantly developing new treatments for cancer. MSK is typically running hundreds of clinical trials at a given time.

You may be able to participate in a clinical trial even if you are new to MSK. Search our online directory to find trial information and see more about who can participate.

Disclosures

Doctors and faculty members often work with pharmaceutical, device, biotechnology, and life sciences companies, and other organizations outside of MSK, to find safe and effective cancer treatments, to improve patient care, and to educate the health care community.

MSK requires doctors and faculty members to report ("disclose") the relationships and financial interests they have with external entities. As a commitment to transparency with our community, we make that information available to the public.

Victoria S. Blinder discloses the following relationships and financial interests:

No disclosures meeting criteria for time period

If you're a patient at MSK and would like more information about your doctor's external relationships, please talk with your doctor.

The information published here is for a specific annual disclosure period. There may be differences between information on this and other public sites as a result of different reporting periods and/or the various ways relationships and financial interests are categorized by organizations that publish such data.

This page and data include information for a specific MSK annual disclosure period (January 1, 2022 through disclosure submission in spring 2023). This data reflects interests that may or may not still exist. This data is updated annually.
