About Me

William D. Travis

What I Do at MSK

■ Director, Thoracic Pathology

Get To Know Me

Our thoracic pathology team is one of the best in the world, with expertise not only in thoracic pathology but also in thoracic cytology. We work closely with our clinical colleagues to provide multidisciplinary diagnostic expertise to MSK patients and with the Molecular Diagnostics Laboratory to assure optimal molecular diagnostic testing using the latest techniques such as next-generation sequencing.

Disclosures

Doctors and faculty members often work with pharmaceutical, device, biotechnology, and life sciences companies, and other organizations outside of MSK, to find safe and effective cancer treatments, to improve patient care, and to educate the health care community.

MSK requires doctors and faculty members to report ("disclose") the relationships and financial interests they have with external entities. As a commitment to transparency with our community, we make that information available to the public.

William D. Travis discloses the following relationships and financial interests:

Genentech

Professional Services and Activities (Uncompensated)

If you're a patient at MSK and would like more information about your doctor's external relationships, please talk with your doctor.

The information published here is for a specific annual disclosure period. There may be differences between information on this and other public sites as a result of different reporting periods and/or the various ways relationships and financial interests are categorized by organizations that publish such data.

This page and data include information for a specific MSK annual disclosure period (January 1, 2022 through disclosure submission in spring 2023). This data reflects interests that may or may not still exist. This data is updated annually.

Learn more about MSK's COI policies [here](#). For questions regarding MSK's COI-related policies and procedures, email MSK's Compliance Office at ecoi@mskcc.org.
