PATIENT & CAREGIVER EDUCATION

Acute Myeloid Leukemia in Children and Teens

This information from the Leukemia and Lymphoma Society explains acute myeloid leukemia (AML) including diagnosis, treatment options, and clinical trials to patients and their families.

Visit www.msk.org/pe/lls-aml-children-teens to see this resource.

If you have questions or concerns, contact your healthcare provider. A member of your care team will answer Monday through Friday from 9 a.m. to 5 p.m. Outside those hours, you can leave a message or talk with another MSK provider. There is always a doctor or nurse on call. If you're not sure how to reach your healthcare provider, call 212-639-2000.

For more resources, visit www.mskcc.org/pe to search our virtual library.
