

PATIENT & CAREGIVER EDUCATION

Black Women's Post-Treatment Support Group

This 4-week closed group is for Black women to discuss their experiences with life after cancer treatment. Requires 4-week commitment.

We will talk about:

- Impact of healthcare disparities
- Health related worries, anxiety and sadness
- Adjusting to physical changes from treatment
- Work and career
- Consultation is necessary.

Audience

This support group is open to MSK patients only.
