How You Can Help a Loved One Before and After a Laryngectomy

This information from Atos explains how you can help your loved one before and after their laryngectomy.

Visit https://www.mskcc.org/pe/help_before_after_laryngectomy to see this resource.

If you have questions or concerns, contact your healthcare provider. A member of your care team will answer Monday through Friday from 9 a.m. to 5 p.m. Outside those hours, you can leave a message or talk with another MSK provider. There is always a doctor or nurse on call. If you're not sure how to reach your healthcare provider, call 212-639-2000.
