PATIENT & CAREGIVER EDUCATION

ePatch™ Quick Start Guide

This resource explains how to start using your ePatch device. An ePatch is a type of holter monitor. It explains how to place the device on your skin. It also has tips for using your device.

Visit www.msk.org/pe/epatch-guide to see this resource.

If you have questions or concerns, contact your healthcare provider. A member of your care team will answer Monday through Friday from 9 a.m. to 5 p.m. Outside those hours, you can leave a message or talk with another MSK provider. There is always a doctor or nurse on call. If you're not sure how to reach your healthcare provider, call 212-639-2000.

For more resources, visit www.mskcc.org/pe to search our virtual library.
