How To Take Your Weight With The A&D UC-352BLE Weight Scale

This information will explain how to get a weight use the A&D UC-352BLE weight scale.

1. Open the MSK Remote Monitoring mobile app and log in (see Figure 1).

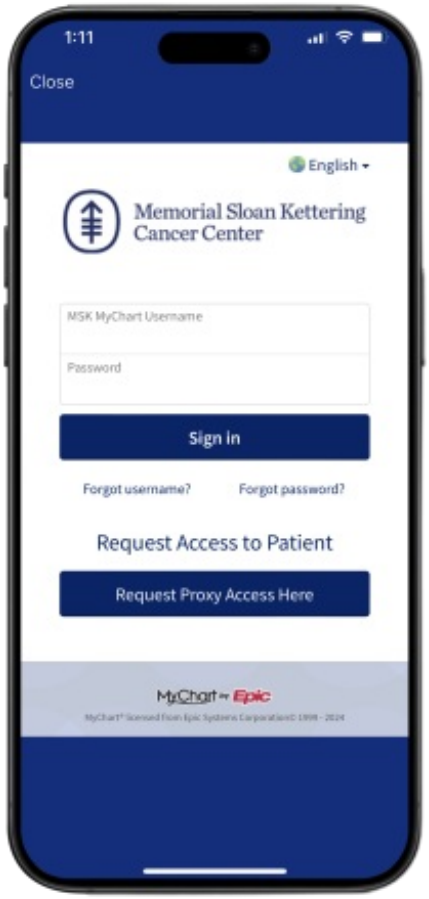

Figure 1. MSK Remote Monitoring app

2. Review the authorization screen and select “Continue” (see Figure 2).

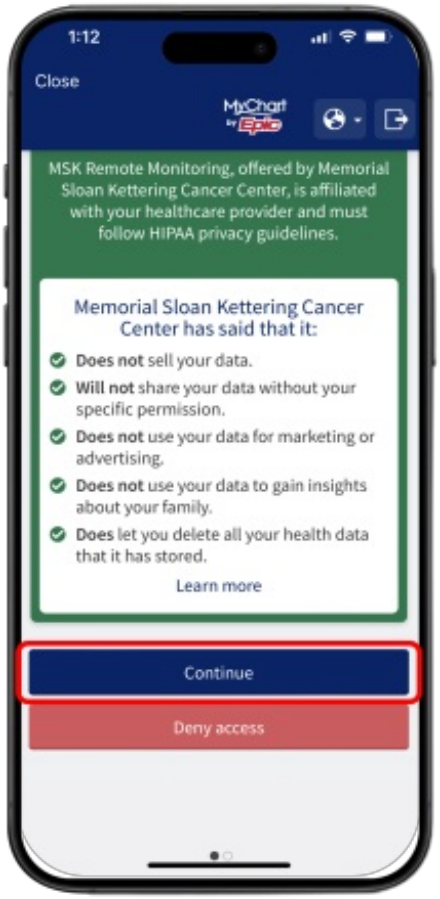

Figure 2. Authorization screen

3. Review the data authorization screen and select a time range, then tap “Allow access” (see Figure 3).

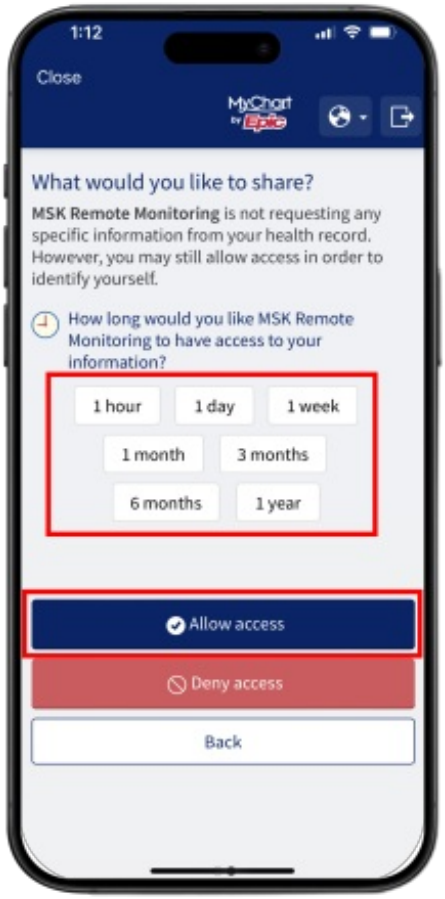

Figure 3. Allow access

4. On the devices screen look for the Weight Scale tile. Select A&D UC-352BLE (see Figure 4).

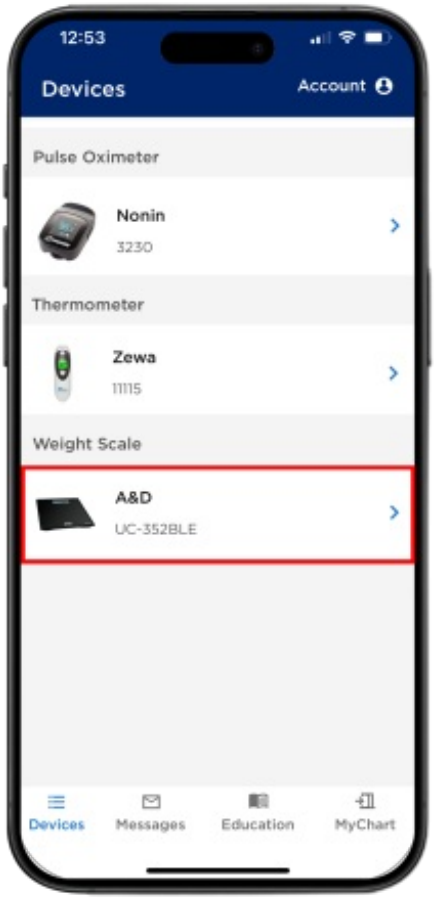

Figure 4. Select device

5. Tap “Take a reading” (see Figure 5).

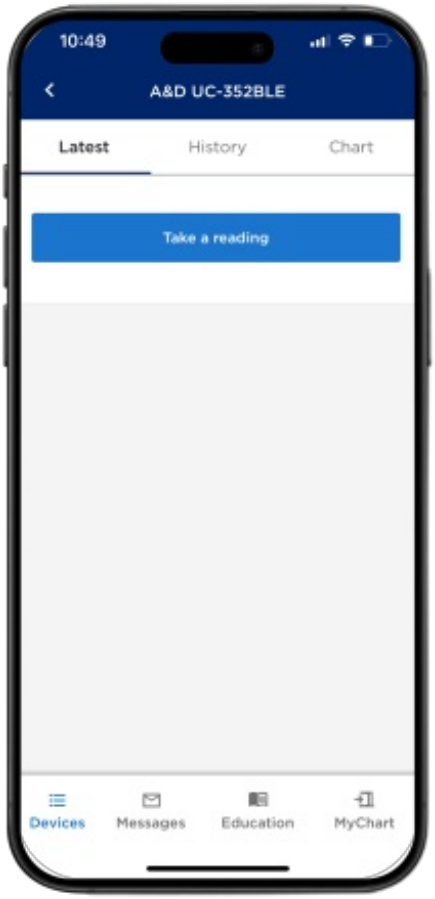

Figure 5. Take a reading

6. The A&D weight scale requires is a one-time pair during the initial setup. In the MSK Remote Monitoring app, tap “Start pairing” to initiate the pairing process (see Figure 6). On the A&D weight scale, press and hold the Set button on the bottom of your scale.

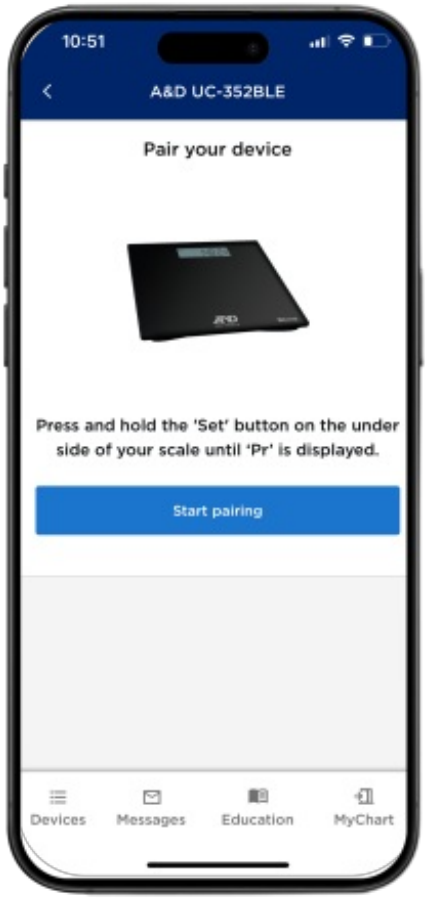

Figure 6. Pair device

7. Tap “Pair” when the pairing prompt appears (see Figure 7).

If you have questions or concerns, contact your healthcare provider. A member of your care team will answer Monday through Friday from 9 a.m. to 5 p.m. Outside those hours, you can leave a message or talk with another MSK provider. There is always a doctor or nurse on call. If you're not sure how to reach your healthcare provider, call 212-639-2000.
