Getting Ready for Your MSK Telemedicine Visit

This information explains how to get ready for your MSK Telemedicine visit.

Follow these instructions to get ready and join your telemedicine visit. For more information, read Help With Your MSK Telemedicine Visit (www.mskcc.org/pe/msk_telemedicine_help) and Tips for Your Telemedicine Visit (www.mskcc.org/pe/tips_telemedicine_visit).

Getting Ready for Your Telemedicine Visit

Request an interpreter
If you would like to have an interpreter join your call, let the Office Coordinator know.

Sign a consent form
Before your telemedicine visit, you’ll need to sign a consent form explaining what you can expect from your telemedicine visit. You must sign this form on your own. Your caregiver won’t be able to sign the form for you.

Test your settings
Test your microphone, speaker, camera, and network (Internet) settings before your telemedicine visit. You can do this clicking the link for your appointment in MyMSK. You can also click the link in the email or text message we send you. Once you’re logged into your MSK Telemedicine visit, select the 3 dots at the bottom of the screen and select “Device Settings” (see Figure 1).
Add a family member, friend, or caregiver

If you’d like to have your family member, friend, or a caregiver join your call, you can invite them:

- By sending them the link we send you.
- By asking a member of your care team to invite them.
- From the virtual room before your telemedicine visit begins. Select the “Invite People” button. For more information, read the “Enter the virtual room” section of this resource.
- Through MyMSK by following the steps below.

How to invite a family member, friend, or caregiver through MyMSK

1. Go to my.mskcc.org and log into your MyMSK account.
2. In your appointments, select “More” (see Figure 2).

Joining Your Telemedicine Visit

Follow the steps in this section to start your telemedicine visit on MyMSK or through the email or text message we send you. You can join your telemedicine visit using your computer, smartphone, or tablet.
Joining through MyMSK

1. Log into your MyMSK account by going to my.mskcc.org or by opening your MyMSK app
   - If you plan to use your MyMSK app for your telemedicine visit, make sure you have the latest version of the app downloaded on your smartphone or tablet.
   - If you don’t have a MyMSK account, you can visit my.mskcc.org, call 646-227-2593, or call your healthcare provider’s office for an enrollment ID. For more information, watch our video How to Enroll in MyMSK: Memorial Sloan Kettering’s Patient Portal (www.mskcc.org/pe/enroll_mymsk).
   - If your caregiver manages your MyMSK account for you, ask them for your login information or have them help you.

2. On your homepage, find the telemedicine visit you’re joining and select “Start Telehealth Visit” (see Figure 6).

3. A screen will come up asking for access to your camera and microphone. Select “Allow” to let your healthcare provider see and hear you (see Figure 7).
Joining through text message

1. If you get text messages from MSK, we’ll send you a text message with a link from MSK Telemedicine 3 days before your telemedicine visit. We’ll send the link again on the day of your telemedicine visit. When it’s time for your visit to start, tap the link in your text message.

2. A screen will open in your web browser. Tap “I am the patient” and enter your date of birth. Tap “Continue” (see Figure 8).
Joining through email

1. If you get emails from MSK, we’ll send you an email with a link from MSK Telemedicine 3 days before your telemedicine visit. We’ll send it again on the day of your telemedicine visit. When it’s time for your telemedicine visit to start, select the link in your email.

2. A screen will open in your web browser. Select “I am the patient” and enter your date of birth. Select “Continue.”

Enter the virtual room

Before your telemedicine visit, you can wait for your healthcare provider in the virtual room. It opens 15 minutes before your appointment time. If you open the link before then, you will not see the virtual room.

While you wait, please use this time to test your audio and video settings. For more information, read the section above, Test Your Settings. If you
accept a call on your mobile device, your audio and video for your visit will temporarily turn off. We cannot see or hear you during your visit until you turn your microphone and video back on.

From the virtual room, you can also invite your family and friends to join your telemedicine visit. Select the “Invite People” button.

**Need help?** Please call 800-248-0593 and choose option 1 to reach our Help Desk. They are open Monday through Friday from 9 a.m. to 5 p.m. (Eastern time).

**Understanding the Buttons**

You may need to use these buttons during your visit (see Figure 9).

![Figure 9. The virtual room](image)

- The **invite people** button allows you to invite friends or family members to the visit.
- The **invite info** button allows you to copy the link and information to call into the telemedicine visit.
- The **check devices** button allows you to test your microphone, speaker,
camera, and network (Internet) settings.

- The **take tutorial** button will guide you through a tutorial of the features in the virtual room.

- The **show video** button switches your video on and off.

- The **mute** button mutes and unmutes your microphone. When you’re muted, your healthcare provider can’t hear you.

- The **share screen** button shares your screen with your healthcare provider. You can use this to show a picture or document to your healthcare provider.

- The **leave visit** button ends your telemedicine visit.

- The **button with three dots** displays your device setting and your appointment information.

- The **chat** button opens or hides the chat box.

- The **participants** button show a list of the people on the call and invited to the call. You can also invite friends or family members from this window.

- The **resources** button has helpful links to MSK resources.
