Visitor Policy Changes During COVID-19

Limiting the number of people in our buildings is one way we're keeping our patients, visitors, and staff safe. We are changing our visitor policy more often during the COVID-19 pandemic, and we aren't able to update the information in resources that have already been printed. For that reason, please see our most up-to-date visitor policy online at www.mskcc.org/visit.

We understand how important it is to have your loved ones with you before and after your surgery or procedure. Thank you for your understanding as we do all we can to keep you together and safe.

If you have any questions, contact a member of your healthcare team directly. If you're a patient at MSK and you need to reach a provider after 5:00 PM, during the weekend, or on a holiday, call 212-639-2000.

For more resources, visit www.mskcc.org/pe to search our virtual library.
