Pelvic Organ Prolapse

This information from the American Urogynecologic Society (AUGS) explains what pelvic organ prolapse (POP) is and what causes it. It also explains how to treat pelvic organ prolapse, and ways to approach surgery for POP.

Visit www.msk.org/pe/pop to see this resource.

If you have questions or concerns, contact your healthcare provider. A member of your care team will answer Monday through Friday from 9 a.m. to 5 p.m. Outside those hours, you can leave a message or talk with another MSK provider. There is always a doctor or nurse on call. If you're not sure how to reach your healthcare provider, call 212-639-2000.

For more resources, visit www.mskcc.org/pe to search our virtual library.
