# Ten Things Gay Men Should Discuss With Their Healthcare Provider

This GLMA guide presents the health issues that have been identified as most commonly of concern for gay men.

Visit [www.msk.org/pe/gay\\_discuss\\_hcp](http://www.msk.org/pe/gay_discuss_hcp) to see this resource.

If you have questions or concerns, contact your healthcare provider. A member of your care team will answer Monday through Friday from 9 a.m. to 5 p.m. Outside those hours, you can leave a message or talk with another MSK provider. There is always a doctor or nurse on call. If you're not sure how to reach your healthcare provider, call 212-639-2000.
