# Tips for Healthy Eating on a Budget

This information can help you make healthy food choices while cutting down on food costs. It has tips for food planning, shopping, and cooking. It also has a list of healthy, low-cost pantry items, a sample meal plan, and recipes.

Healthy food choices help your body get more of the nutrients it needs to work its best. Making sure your body gets enough nutrients can help you feel better overall. It also can help you manage your symptoms and weight during cancer treatment.

To learn more about making food choices during cancer treatment, read *Eating Well During Your Cancer Treatment* ([www.mskcc.org/pe/eating-cancer-treatment](http://www.mskcc.org/pe/eating-cancer-treatment)).

## Planning

Planning is the key to healthy eating on a budget. You can plan by looking for sales, making a shopping list, and avoiding wasting food.

### Look for sales

- Look for sales on things such as:
  - Fresh produce (fruits and vegetables).
  - Lean proteins, such as poultry and fish. Poultry is meat from birds, such as chicken and turkey.
  - Low-fat dairy items, such as yogurt and fat-free or 1% milk.
  - Whole grains, such as brown rice, barley, oatmeal, and whole wheat bread.
  - Canned tuna, salmon, and sardines.
  - Dried or canned beans.
  - Items you use often or that are on your shopping list.
- Make a weekly eating plan based on what's on sale. Plan meals around fresh produce, lean proteins, low-fat dairy items, and other sale items. For example, you can make a simple meal with a lean meat or fish, vegetables, and whole grains. It's also helpful to plan meals that use the same ingredients.
- Stock up on items when they're on sale, especially non-perishable items. Non-

perishable items are ones that last a very long time before spoiling. Examples are nut butters, canned beans, canned fish, and pasta.

## Tips for finding sales

- Check newspapers, store circulars (flyers and ads), and store websites for sales and coupons.
- Download and check apps for sales. Stores that have apps include:
  - ALDI
  - BJ's Wholesale Club
  - Target Circle
  - ShopRite
  - Stop & Shop
  - Walmart
  - Wegmans
- Online markets that have apps include:
  - FreshDirect
  - Imperfect Foods
  - Instacart
  - Misfits Market
  - Shipt
- Visit different grocery stores in your neighborhood and compare their prices. Items can cost more at one store than another. Apps (such as Flipp) and websites (such as [www.coupons.com](http://www.coupons.com)) offer digital coupons. They can also compare prices of deals in stores in your area.
- If you need a certain product, visit the company's website to check for coupons.
- Think about making a weekly habit of checking for sales. You can compare prices and stay aware of sales.

## Make a shopping list

- Make a shopping list based on your weekly eating plan. Stick to your list when you shop.
- Spend most of your food budget on nutrient-rich vegetables, fruits, low-fat dairy,

lean protein, and whole grains. For more examples, read the section “Low-cost items to build a healthy pantry.”

- Try to buy fresh produce that’s in season. It’s flavorful, there’s lots of it, and it often costs less than produce that’s not in season. Visit [www.seasonalfoodguide.org](http://www.seasonalfoodguide.org) to learn what produce is in season in your area.
- If you need to buy produce that’s not in season, buy it frozen.
- Avoid items with added sugar or salt. Check the item’s ingredient list to see if sugar or salt was added.

## Do not waste food

- Use highly perishable items early in the week. Highly perishable items are ones that spoil quickly, such as fish and seafood, salad greens, berries, and fresh herbs. Save less perishable items for later in the week. Less perishable items are ones that do not spoil as quickly.
- Have leftovers for lunch.
- Create new meals from leftover ingredients. For example, use leftover cooked meat and vegetables as fillings for casseroles, frittatas, and wraps, or for soups.
- Freeze foods or leftovers to use later.

## Shopping

Here are some tips for smart, low-cost grocery shopping.

- Do not go food shopping when you’re hungry.
- Only buy items on your grocery list. Sticking to your list will help you avoid spending money on things you didn’t plan on.
- Choose store brands instead of name brands. They often cost less, and their quality and taste are just as good.
- Avoid pre-prepared items, such as washed or cut vegetables and shredded cheese. Pre-prepared items cost more. It’s better to prepare the items yourself if you have time.
- Avoid pre-packaged meals. They often cost more than cooking yourself.
- Buy bulk goods online or from warehouse clubs (such as Sam’s Club, Costco, and BJ’s). Remember only to buy things you know you’ll use before they spoil or expire.
  - Buying in bulk can seem like a high cost, but it can help you spend less over time.

Spending a larger amount all at once means you will not need to keep spending smaller amounts that add up.

- Know how much you're spending. Use the calculator on your cell phone to keep track of how much you're spending while you shop.
  - In New York, most food items are not taxed. Foods that are taxed include:
    - Heated foods.
    - Ready-made foods, including sandwiches.
    - Carbonated (fizzy) drinks.
    - Candies and sweets.

If you're buying these items, make sure to account for tax.

- Compare the unit price of items. The unit price is the price for a set volume or weight. It's often listed on the tab below the item on the shelf. Checking the unit price helps you better compare costs, especially for items that are different sizes.
- Check the clearance shelves for discounted items.
- Skip aisles or sections with soda, chips, cookies, and candy, if you can.
- Avoid buying sugary drinks, such as sodas or juices. Drink water at home instead.

If you go to the same store often, sign up for their loyalty or rewards program. You'll get member-only discounts automatically at checkout. Some programs even offer extra benefits, such as cash rewards if you shop at the store often.

## Cooking

- Use the same ingredients and leftovers for different recipes. For example:
  - Make a double batch of brown rice. Use it the next day, too.
  - Chop broccoli for a potato dish. Use the leftovers for a broccoli stir fry.

## Low-cost items to build a healthy pantry

The items in this section are low-cost and healthy. Think about making them part of your weekly eating plan, especially when you see them on sale.

### Proteins

|---|---|

*\* Beans and other legumes cost less to buy than other sources of protein, such as meat and poultry. Choose dried legumes rather than canned legumes. A bag of dried beans costs less to buy and has more servings than a can of beans. You can cook dried legumes faster with a pressure cooker or slow cooker, such as a Crock-Pot® or Instant Pot®. Cooking dried legumes at home does take time, but it can be rewarding if you plan for it.*

## Day 1 recipes

### Creamy oatmeal with peanut butter and banana

| Prep Time | Cooking Time | Servings |
|-----------|--------------|----------|
| 5 minutes | 7 minutes    | 1        |

## Ingredients

|   |   |
|---|---|
| <ul style="list-style-type: none"> <li>• 1 ¾ cup (14 fluid ounces) 1% milk</li> <li>• 1 cup quick-cooking oats</li> </ul> | <ul style="list-style-type: none"> <li>• 2 tablespoons peanut butter</li> <li>• 1 banana, sliced</li> </ul> |
|---|---|

## Instructions

1. Add the milk to a pot and bring to a boil over medium-high heat.
2. Add the oats to the pot and stir. Lower the heat to low. Simmer uncovered for 5 to 7 minutes, stirring occasionally until the oatmeal is creamy.
3. Take the pot off the heat. Add the peanut butter. Mix well.
4. Place the oatmeal in a bowl. Top with the banana slices.

## Hearty tuna salad sandwich

| Prep Time  | Cooking Time | Servings |
|------------|--------------|----------|
| 10 minutes | 0 minutes    | 1        |

## Ingredients

|   |   |
|---|---|
| <ul style="list-style-type: none"><li>• 1 (5-ounce) can tuna, drained</li><li>• 1 medium carrot, shredded</li><li>• 1 medium celery rib, shredded</li><li>• 1 tablespoon mayonnaise</li></ul> | <ul style="list-style-type: none"><li>• 1 tablespoon low sodium dressing (Italian dressing, balsamic vinaigrette, or dressing of your choice)</li><li>• Salt and pepper to taste</li><li>• 2 slices whole wheat bread</li></ul> |
|---|---|

## Instructions

1. Open and drain the can of tuna.
2. Shred the carrot and celery. You can use a peeler, box grater, or food processor.
3. Place the tuna, carrot, celery, mayonnaise, dressing, salt, and pepper in a bowl. Mix well until smooth or until you reach the texture you want.
4. Spread the tuna salad on 1 slice of bread. Add the other slice of bread to make a sandwich.

## Roasted chicken drumsticks with baked potato and tomato and lettuce salad

| Prep Time  | Cooking Time | Servings |
|------------|--------------|----------|
| 15 minutes | 45 minutes   | 1        |

## Ingredients

|   |  |
|---|--|
| <ul style="list-style-type: none"><li>• 2 chicken drumsticks, cooked or roasted*</li><li>• 1 medium russet potato</li><li>• 1 cup lettuce, chopped</li><li>• 1 large ripe tomato, chopped</li></ul> | <ul style="list-style-type: none"><li>• <math>\frac{3}{4}</math> tablespoon vinegar</li><li>• 2 tablespoons olive oil</li><li>• A pinch of salt and pepper (only if you want this)</li></ul> |
|---|--|

*\*You can make 4 drumsticks, if you want. The cooking time will be the same. Save the*

other 2 drumsticks for another meal, such as *Chicken and Broccoli Baked Potato*. You can find that recipe in the “Day 2 recipes” section.

## Instructions

1. Preheat the oven to 400 °F (204 °C).
2. Rinse the chicken drumsticks under cool water. Pat them dry with paper towels. You can brush the drumsticks with a little olive oil and season with a pinch of salt, if you want.
3. Rinse the potato under cool water. Pat it dry with a paper towel. Prick the potato with a fork in 2 to 3 places.
4. Place the drumsticks and potato on separate baking sheets. Put them in the preheated oven at the same time.
  - Bake the drumsticks for 20 minutes. Take out the baking sheet and flip the drumsticks over. Put them back in the oven for another 20 minutes. Bake the drumsticks until their internal temperature is 165 °F (74 °C). The internal temperature is the temperature of the middle of the food. You can use a food thermometer to check the internal temperature.
  - Bake the potato for about 45 minutes or until fork tender. Fork tender means a fork can slide into the center of the potato easily.
5. While the drumsticks and potato are cooking, make the salad. Wash the lettuce and tomato. Chop the lettuce into strips. Chop the tomato into ½-inch pieces. Mix the lettuce and tomato in a bowl.
6. Make the salad dressing. Add the vinegar to a small bowl and slowly whisk in the olive oil. You can also add a pinch of salt and pepper, if you want.
7. Once the potato is done, cut it lengthwise in the center and use a fork or spoon to open it. You can season it with a pinch of salt, if you want.

## Day 2 recipes

### Fruity overnight oats

| Prep Time | Cooking Time | Servings |
|-----------|--------------|----------|
| 5 minutes | 0 minutes    | 1        |

## Ingredients

|  |  |
|--|--|
| <ul style="list-style-type: none"> <li>• ½ cup oats</li> <li>• ½ cup low-fat vanilla yogurt</li> <li>• ½ cup (4 fluid ounces) 1% milk</li> <li>• 1 tablespoon peanut butter</li> </ul> | <ul style="list-style-type: none"> <li>• 1 teaspoon ground cinnamon</li> <li>• ½ cup frozen fruit (blueberries, pineapple, or fruit of your choice)</li> </ul> |
|--|--|

**Instructions**

1. Mix the oats, yogurt, milk, peanut butter, and cinnamon in a mixing bowl or other container.
2. Add the frozen fruit on top of the mixture.
3. Cover the bowl or container with plastic wrap or a lid. Leave it in the refrigerator overnight.
4. In the morning, take the bowl or container out of the refrigerator. Serve cold.

**Chicken and broccoli baked potato**

| Prep Time | Cooking Time    | Servings |
|-----------|-----------------|----------|
| 5 minutes | 5 to 47 minutes | 1        |

**Ingredients**

|   |  |
|---|--|
| <ul style="list-style-type: none"> <li>• 1 to 2 chicken drumsticks (cooked or roasted), shredded</li> <li>• 1 medium russet potato</li> <li>• ½ cup broccoli florets</li> </ul> | <ul style="list-style-type: none"> <li>• 3 tablespoons water</li> <li>• 2 tablespoons shredded cheese (cheddar, Monterey Jack, blend, or other)</li> </ul> |
|---|--|

**Reheating instructions**

Follow these steps to reheat leftovers from the Roasted Chicken Drumsticks with Baked Potato recipe. You can find that recipe in the “Day 1 recipes” section.

1. Reheat the chicken drumsticks and baked potato in the microwave or oven until they’re hot.
  - **If you’re using a microwave:** Place the drumsticks on a microwave-safe plate and cover the plate loosely with plastic wrap. Microwave on medium power for 1 minute. Place the potato on a microwave-safe plate and cover the plate with a damp paper towel. Microwave on medium power for 3 minutes.
  - **If you’re using an oven:** Preheat the oven to 350 °F (175 °C). Place the drumsticks and potato on separate baking sheets. Put them in the oven at the same time. Reheat the drumsticks for 15 minutes. Reheat the potato for 15 to 20 minutes.

2. Skip to step 5 below in the “Instructions (if you’re not reheating leftovers)” section.

### **Instructions (if you’re not reheating leftovers)**

Follow these steps if you’re cooking the chicken drumsticks and baked potato from scratch, not reheating leftovers.

1. Preheat the oven to 400 °F (204 °C).
2. Rinse the chicken drumsticks under cool water. Pat them dry with paper towels. You can brush the drumsticks with a little olive oil and season with a pinch of salt, if you want.
3. Rinse the potato under cool water. Pat it dry with a paper towel. Prick the potato with a fork in 2 to 3 places.
4. Place the drumsticks and potato on separate baking sheets. Put them in the preheated oven at the same time.
  - Bake the drumsticks for 20 minutes. Take out the baking sheet and flip the drumsticks over. Put them back in the oven for another 20 minutes. Bake the drumsticks until their internal temperature is 165 °F (74 °C). The internal temperature is the temperature of the middle of the food. You can use a food thermometer to check the internal temperature.
  - Bake the potato for about 45 minutes or until fork tender. Fork tender means a fork can slide into the center of the potato easily.
5. Place the broccoli florets in a microwave-safe bowl with 3 tablespoons of water. Cover the bowl loosely with plastic wrap. Microwave on high power for 3 to 5 minutes. Take the bowl out of the microwave and set it to the side.
6. Once the drumsticks are done, shred the meat from them. You can use your hands or 2 forks to pull the meat apart.
7. Once the potato is done, cut it lengthwise in the center and use a fork or spoon to open it. Create a small hole in the potato by scooping out a bit of the potato flesh.
8. Mix the potato flesh with the broccoli and place the mixture on top of the potato.
9. Shred the cheese. You can use a peeler, box grater, or food processor. Add the cheese on top of the potato. Put the potato back in a 400 °F (204 °C) oven until the cheese melts (about 2 minutes).
0. Add the shredded the meat from the chicken drumsticks on top of the potato.

## Ground turkey rice bowl

| Prep Time  | Cooking Time | Servings |
|------------|--------------|----------|
| 15 minutes | 45 minutes   | 1        |

### Ingredients

|  |  |
|--|--|
| <ul style="list-style-type: none"><li>• ½ cup rice</li><li>• ½ cup low sodium beans (black, pinto, or other), rinsed and drained</li><li>• 2 tablespoons olive oil</li><li>• ½ cup ground turkey</li></ul> | <ul style="list-style-type: none"><li>• 1 cup lettuce, chopped</li><li>• ½ cup tomatoes, chopped</li><li>• 1 tablespoon low sodium dressing (Italian dressing, balsamic vinaigrette, or dressing of your choice)</li></ul> |
|--|--|

### Instructions

1. Prepare the beans.
  - **If you're using canned beans:** Open and drain the can. Rinse the beans under cool water.
  - **If you're using dried beans:** Rinse the beans under cool water and place them in a large bowl. Fill the bowl with cool water, 2 inches above the beans. Leave the bowl on the kitchen counter and let the beans soak overnight (about 8 to 12 hours).
2. Cook the rice. Follow the instructions on the package. Depending on what rice you use, it can take 20 to 45 minutes to cook.
3. Drain the beans and then cook them. You can use the same method whether you're cooking canned or dried beans. Heat 1 tablespoon of olive oil in a pot over medium-high heat. Add the beans and simmer uncovered for 5 minutes.
4. Heat 1 tablespoon of olive oil in a pan over medium heat. Add the turkey and cook for about 5 minutes or until the meat is browned.
5. Wash the lettuce and tomato. Chop the lettuce into strips. Chop the tomato into ½-inch pieces.
6. Layer all the ingredients in a bowl. Top with the dressing.

## Day 3 recipes

| 15 minutes | 45 minutes   | 1        |

## Ingredients

|   |   |
|---|---|
| <ul style="list-style-type: none"><li>• ½ cup chicken or ½ boneless, skinless chicken breast (about 3 ounces)*</li><li>• 1 cup carrots, shredded</li><li>• 1 cup celery, shredded</li></ul> | <ul style="list-style-type: none"><li>• 1 to 2 tablespoons low sodium dressing (Italian dressing, balsamic vinaigrette, or dressing of your choice)</li><li>• 2 slices whole wheat bread, toasted</li></ul> |
|---|---|

*\*You can make a whole chicken breast, if you want. The cooking time will be the same. Save the other half of the chicken breast for another meal.*

## Instructions

1. Preheat the oven to 400 °F (204 °C).
2. Rinse the chicken breast under cool water. Pat it dry with a paper towel. You can brush the chicken with a little olive oil and season with a pinch of salt, if you want.
3. Place the chicken breast on a baking sheet and put it in the preheated oven. Bake for 20 to 35 minutes, until its internal temperature is 165 °F (74 °C). The internal temperature is the temperature of the middle of the food. You can use a food thermometer to check the internal temperature.
4. Shred the carrots and celery. You can use a peeler, box grater, or food processor.

5. Once the chicken breast is out of the oven and cooled, chop it into ½-inch pieces and place it in a bowl. Add the carrots, celery, and dressing. Mix well.
6. Toast the bread.
  - If you're using an oven, preheat it to 350 °F (177 °C). Place the bread on a baking sheet and bake for 4 to 5 minutes. Take out the baking sheet and flip the bread over. Put it back in the oven for another 4 to 5 minutes.
  - If you're you're using a toaster, toast the bread for 2 to 3 minutes, or for as long as you want.
7. Spread the chicken salad on 1 slice of toast. Add the other slice of toast to make a sandwich.

## Day 5 recipes

### Veggie scramble

| Prep Time  | Cooking Time | Servings |
|------------|--------------|----------|
| 10 minutes | 14 minutes   | 2        |

## Ingredients

|   |  |
|---|--|
| <ul style="list-style-type: none"><li>• ½ small red onion, chopped</li><li>• 1 medium ripe tomato, chopped</li><li>• 1 cup spinach, roughly chopped</li></ul> | <ul style="list-style-type: none"><li>• 4 eggs</li><li>• Salt and pepper to taste</li><li>• 1 tablespoon olive oil or canola oil</li></ul> |
|---|--|

## Instructions

1. Chop the onion and tomato into ½-inch pieces. Roughly chop the spinach. Set the vegetables to the side while you get the rest of the ingredients ready.
2. Crack the eggs into a bowl. Season them with salt and pepper. Mix well with a whisk or fork and set it to the side.
3. Heat the oil in a large skillet over medium-high heat. Add the onion and cook for 3 minutes. Add the tomato and keep cooking for another 4 minutes. Stir occasionally with a spatula. Add the spinach and keep cooking for another 2 minutes, stirring occasionally.
4. Pour the eggs over the vegetables and gently stir until done. This takes 3 to 5 minutes, depending on how firm you like your eggs cooked.

Serving suggestion: Serve with 2 slices of whole wheat toast.

## Loaded baked potato with broccoli and cheese

| Prep Time  | Cooking Time | Servings |
|------------|--------------|----------|
| 10 minutes | 25 minutes   | 2        |

## Ingredients

|   |  |
|---|--|
| <ul style="list-style-type: none"><li>• 2 medium russet potatoes</li><li>• 2 garlic cloves, minced (chopped into small pieces)</li><li>• 2 cups broccoli florets</li><li>• 2 to 3 tablespoons water</li><li>• 2 tablespoons olive oil</li></ul> | <ul style="list-style-type: none"><li>• A pinch of salt and pepper (only if you want this)</li><li>• ½ cup shredded cheese (cheddar, Monterey Jack, blend, or other)</li><li>• 2 green onions (scallions), chopped</li></ul> |
|---|--|

## Instructions

1. Preheat the oven to 400 °F (204 °C).
2. Rinse each potato under cool water and pat it dry with a paper towel. Prick each one with a fork in 2 to 3 places. Place the potatoes on a microwave-safe plate and cover the plate with a damp paper towel. Microwave on high power for 4 minutes.

3. Carefully move the potatoes from the microwave-safe plate to a baking sheet. Bake them in the oven for 10 to 15 minutes.
4. While the potatoes are baking, mince the garlic into small pieces. Place a skillet over medium-high heat. Add the garlic, broccoli florets, and 2 to 3 tablespoons of water. Mix them together. Cook for 2 to 3 minutes, until the water evaporates (disappears). The steam will cook the broccoli as the water evaporates.
5. Take the potatoes out of the oven. Cut each one lengthwise in the center and use a fork or spoon to open them. Create a small hole in each potato by scooping out a bit of the potato flesh. Set the potato flesh to the side for later.
6. Add 1 tablespoon of olive oil to each potato. You can also add a pinch of salt and pepper, if you want. Mash and lightly mix.
7. Mix the potato flesh with the broccoli and place the mixture on top of each potato.
8. Shred the cheese. You can use a peeler, box grater, or food processor. Add the cheese on top of each potato. Put the potatoes back in a 400 °F (204 °C) oven until the cheese melts (about 2 minutes).
9. Chop the green onions into small pieces. Sprinkle on top of each potato.

## Creamy lentil soup

| Prep Time  | Cooking Time | Servings |
|------------|--------------|----------|
| 15 minutes | 35 minutes   | 2        |

## Ingredients

|  |   |
|--|---|
| <ul style="list-style-type: none"> <li>• 2 small carrots or 1 medium carrot, grated</li> <li>• 1 small yellow onion, chopped</li> <li>• 4 garlic cloves, minced (chopped into small pieces)</li> <li>• 1 tablespoon olive oil</li> <li>• 1 teaspoon dry oregano</li> </ul> | <ul style="list-style-type: none"> <li>• Salt and pepper to taste</li> <li>• 2 cups dry green lentils, rinsed</li> <li>• 4 cups (32 fluid ounces) low-sodium vegetable stock</li> <li>• 3 cups (24 fluid ounces) water</li> </ul> |
|--|---|

## Instructions

1. Place a box grater on a cutting board. Using a downward motion, scrape the pointed end of the carrot along the large holes of the box grater. Be careful to keep your hands and fingers out of the way. Keep doing this until the carrot is about 2 inches long. Chop the rest of the carrot into small pieces.
2. Chop the onion into ¼-inch pieces. Mince the garlic into small pieces.
3. Heat the olive oil in a large pot over medium-high heat. Add the carrots, onion,

garlic, oregano, salt, and pepper. Mix well. Cook for 4 to 5 minutes, stirring occasionally. This will start to soften the vegetables.

4. Add the lentils into the pot and mix. Add the vegetable stock and the 3 cups of water. Let the soup simmer uncovered until the lentils are soft and the soup looks creamy (about 30 minutes).

## Day 6 recipes

### Apple cinnamon oatmeal

| Prep Time | Cooking Time | Servings |
|-----------|--------------|----------|
| 5 minutes | 10 minutes   | 2        |

### Ingredients

|   |   |
|---|---|
| <ul style="list-style-type: none"><li>• 1 medium crisp apple (Fuji or apple of your choice), diced</li><li>• 2 teaspoons unsalted butter or plant-based spread</li><li>• 2 tablespoons brown sugar</li><li>• ¼ teaspoon ground cinnamon</li></ul> | <ul style="list-style-type: none"><li>• 1 cup quick-cooking oats</li><li>• 2 cups (16 fluid ounces) fat-free milk, 1% milk, or non-dairy milk</li><li>• A pinch of salt</li></ul> |
|---|---|

### Instructions

1. Dice the apple into ¼-inch pieces.
2. Place the apple, butter or plant-based spread, brown sugar, and cinnamon in a 1-quart pot over medium heat. Cook uncovered, stirring occasionally with a mixing spoon until the apples are soft (about 3 to 4 minutes).
3. Add the oats, milk or non-dairy milk, and pinch of salt to the pot. Cook while stirring constantly, until the oats are creamy.

Serving suggestion: Serve with cinnamon sprinkled on top.

### Meatless chili

| Prep Time  | Cooking Time | Servings |
|------------|--------------|----------|
| 20 minutes | 30 minutes   | 4        |

### Ingredients

|   |  |
|---|--|
| <ul style="list-style-type: none"> <li>• 2 tablespoons olive oil</li> <li>• 2 tablespoons all-purpose flour</li> <li>• 1 small yellow onion, diced</li> <li>• 1 medium green bell pepper, diced</li> <li>• 2 medium celery ribs, diced</li> <li>• 3 small carrots, thinly sliced</li> <li>• 3 garlic cloves, minced (chopped into small pieces)</li> <li>• 4 tablespoons mild chili powder</li> <li>• 1 teaspoon ground cumin</li> <li>• 1 teaspoon dried oregano</li> <li>• ½ teaspoon sea salt</li> </ul> | <ul style="list-style-type: none"> <li>• 1 (15-ounce) can low sodium or no salt added red kidney beans, rinsed and drained</li> <li>• 1 (15-ounce) can low sodium or no salt added red pinto beans, rinsed and drained</li> <li>• 1 (28-ounce) can crushed tomatoes</li> <li>• ½ cup (4 fluid ounces) water or vegetable broth</li> <li>• Toppings (only if you want them): chopped green onions (scallions), chopped spinach, reduced-fat sour cream, brown rice</li> </ul> |
|---|--|

**Instructions**

1. Add the olive oil and all-purpose flour to a large pot over medium heat. Mix them well to make a paste, then cook until the paste is golden brown.
2. Dice the onion, bell pepper, and celery into ¼-inch pieces. Slice the carrots thin. Mince the garlic into small pieces.
3. Add the onion, bell pepper, celery, carrots, garlic, and seasonings (chili powder, cumin, oregano, and sea salt) to the pot. Mix well and cook until the vegetables look soft (about 1 to 2 minutes).
4. Add the beans, tomatoes, and water or vegetable broth to the pot. Cover the pot with a lid and let it simmer for about 20 minutes.
5. Serve with your choice of toppings, if you want.

You can store the leftover chili in airtight containers in the refrigerator. They will stay fresh for up to 3 days. You also can freeze the leftover chili. It’s best to eat frozen leftovers within 3 months.

**Green Spanish frittata**

| Prep Time  | Cooking Time | Servings |
|------------|--------------|----------|
| 10 minutes | 65 minutes   | 3        |

**Ingredients**

- 2 medium russet potatoes, roasted
- 2 cups spinach, chopped
- 1 small yellow onion, thinly sliced
- 8 eggs
- ½ teaspoon salt
- Ground black pepper to taste

- 1 teaspoon mild chili powder
- 3 tablespoons milk or plain yogurt
- ¼ cup shredded cheese (cheddar, Monterey Jack, blend, or other)
- 1 tablespoon olive oil

## Instructions

1. Preheat the oven to 400 °F (204 °C).
2. Rinse the potatoes under cool water. Pat them dry with paper towels. Prick the potatoes with a fork in 2 to 3 places.
3. Place the potatoes on a baking sheet and put them in the oven. Bake for about 45 minutes or until fork tender. Fork tender means a fork can slide into the center of the potatoes easily.
4. While the potatoes are baking, chop the spinach into ½-inch pieces. Thinly slice the onion. Set the vegetables to the side while you get the rest of the ingredients ready.
5. Crack the eggs into a large bowl. Add the salt, pepper, chili powder, and milk or yogurt. Mix well with a whisk or fork and set it to the side.
6. Shred the cheese and set it to the side. You can use a peeler, box grater, or food processor.
7. Once the potatoes are out of the oven and cooled, chop them into 1-inch pieces. Set them to the side.
8. Preheat the oven to 425 °F (218 °C).
9. Add the olive oil, spinach, and onion to a 10-inch oven-safe skillet over medium heat. Cook, stirring occasionally, for 5 minutes until the onions are golden brown. Add the potatoes and spread them evenly over the skillet with the other vegetables.
0. Pour the egg mixture into the skillet. Add the cheese on top. Keep cooking the mixture on the stove top for about 30 seconds to 1 minute.
11. Put the skillet in the preheated oven and bake until the eggs are puffed and look cooked (about 7 to 14 minutes). The center of the frittata should jiggle a little when you give it a small shake.
12. Take the skillet out of the oven and let it cool.

Serving suggestion: Serve with fresh herbs or a side salad.

| <ul style="list-style-type: none"><li>• 2 slices whole wheat bread, toasted</li><li>• 3 tablespoons peanut butter</li></ul> | <ul style="list-style-type: none"><li>• 1 banana, sliced</li></ul> |
|---|--|

#### Instructions

##### 1. Toast the bread.

- If you're using an oven, preheat it to 350 °F (177 °C). Place the bread on a baking sheet and bake for 4 to 5 minutes. Take out the baking sheet and flip the bread over. Put it back in the oven for another 4 to 5 minutes.
- If you're using a toaster, toast the bread for 2 to 3 minutes, or for as long as you want.

##### 2. Spread the peanut butter on both slices of toast. Top with the banana slices.

### Hearty taco bowl

| Prep Time  | Cooking Time    | Servings |
|------------|-----------------|----------|
| 10 minutes | 3 to 10 minutes | 1        |

#### Ingredients

|   |   |
|---|---|
| <ul style="list-style-type: none"><li>• 1 cup meatless chili*</li><li>• 2 cups spinach, chopped</li><li>• 1 green onion (scallion), chopped</li></ul> | <ul style="list-style-type: none"><li>• 3 tablespoons shredded cheese (cheddar, Monterey Jack, blend, or other)</li><li>• 1 (6-inch) whole wheat tortilla</li></ul> |
|---|---|

*\*To cook meatless chili, see the recipe in the "Day 6 recipes" section. If you have leftovers from that recipe, you can use it for this recipe.*

#### Instructions

##### 1. Reheat the meatless chili in the microwave or on the stove top until it's hot.

- **If you're using a microwave:** Place the chili in a microwave-safe bowl and cover the bowl loosely with plastic wrap. Microwave for 3 minutes.
- **If you're using a stove top:** Place the chili in a pot over medium heat. Let it

simmer uncovered for 5 to 10 minutes.

2. Chop the spinach into strips. Chop the green onion into small pieces.
3. Shred the cheese. You can use a peeler, box grater, or food processor.
4. Layer the chili, spinach, and cheese in a soup bowl. Sprinkle the green onion on top.
5. Serve with the tortilla.

| <ul style="list-style-type: none"><li>• ½ medium onion, chopped</li><li>• ½ medium green bell pepper, chopped</li><li>• 1 boneless, skinless chicken breast (about 6 ounces)</li><li>• 1 teaspoon garlic powder</li><li>• Ground black pepper to taste</li></ul> | <ul style="list-style-type: none"><li>• 2 tablespoons apple cider vinegar</li><li>• 1 ½ tablespoons reduced-sodium soy sauce</li><li>• 1 teaspoon brown sugar</li><li>• 2 tablespoons olive oil</li><li>• 3 cups broccoli florets</li></ul> |
|--|---|

### Instructions

1. Chop the onion and bell pepper into ½-inch pieces.
2. Cut the chicken breast into 1-inch cubes. Season with the garlic powder and ground black pepper.
3. Mix the vinegar, soy sauce, brown sugar, and 1 tablespoon of olive oil in a small bowl. Set it to the side.
4. Heat 1 tablespoon of olive oil in a large skillet over high heat. Let it warm up for 1 to 2 minutes. Add the chicken cubes and spread them evenly in the skillet. Let them cook for 1 minute on each side, without stirring.
5. Add the broccoli florets to the skillet. Mix well. Add the onion and bell pepper. Mix for another 1 to 2 minutes.
6. Add the sauce mixture and stir for 2 to 3 minutes. Keep cooking while mixing until the chicken is well done. You should be able to break the chicken cubes apart with your spatula or cooking spoon.

Serving suggestion: Serve with brown rice or whole wheat noodles.

### How do I store fresh produce to make it last longer and keep it from spoiling?

#### Storing fruits

- Most fruits ripen best at room temperature. Once they're ripe, put each fruit in its own plastic bag and store it in the refrigerator. The bag can stay open.
- Berries, cherries, figs, and grapes need to be refrigerated right after you buy them. If they're moldy, throw them away before you put them in the refrigerator. Store each fruit in its own shallow container or bowl, and it cover loosely with plastic wrap.

#### Storing vegetables

- Take off or loosen tight bands. Put each vegetable in its own plastic bag and store it in the refrigerator. The bag can stay open.
- Some root vegetables have leaves that you can eat (such as beets, radishes, and turnips). You can cook these greens just like other leafy vegetables. If you want to use the greens, cut them off higher up on the stalk. Put the greens from each vegetable in its own plastic bag and store it in the refrigerator. The bag can stay open. Most greens from root vegetables will stay fresh for about 3 days.

## Tips to help keep fruits and vegetables from spoiling

- Avoid washing fruits and vegetables before storing them. The extra moisture helps harmful bacteria grow. This can make fruits and vegetables spoil and get moldy faster. It's better to wash fruits and vegetables right before you eat or use them. If you want to wash your fruits and vegetables before storing them, that's OK. Just make sure to wash and dry them very well. Put each fruit and vegetable in its own airtight container lined with paper towels and store it in the refrigerator.
- Some fruits and vegetables let out ethylene (EH-thuh-leen) gas as they ripen. This natural gas makes nearby produce ripen faster. Store these fruits and vegetables away from everything else:

## Organic produce can cost a lot. Is it OK to buy inorganic produce instead?

Yes, it's OK to buy inorganic produce. Eating lots of fruits and vegetables, whether organic or inorganic, offer many health benefits, such as:

- Lots of vitamins, minerals, and fiber.
- A lower risk for heart disease and some cancers.
- Better digestion (how your body breaks down the food you eat).
- Better weight management (staying a healthy weight).

You can also buy frozen produce. Frozen produce is picked and then frozen when it has the most flavor and nutrients. This means it can be just as healthy or even more healthy than fresh produce. A healthy option is plain frozen vegetables without extra salt, fats, or sugars.

## What foods are good for freezing?

Freezing is a great way to store and preserve food. You can buy food in bulk and store it for longer without it spoiling. You also can freeze leftovers, which saves you money and reduces waste.

Here are some foods that are good for freezing:

### **Fruit**

All fruit can be frozen. Before you freeze fruit, make sure to wash and dry it well. You can freeze fruit in small batches and use it for smoothies.

### **Vegetables**

Most vegetables can be frozen (such as carrots, peas, broccoli, and cauliflower). You can freeze vegetables in small batches and use it for soups.

Before you freeze vegetables, blanch them. This will help keep their color and nutrients. To blanch vegetables:

1. Put the vegetable in a pot of boiling water for a short time (about 1 to 3 minutes).
2. Move the vegetable to a bowl of ice water right away to stop the cooking process.
3. Once the vegetable is cool, drain it and pat it dry with a paper towel.

### **What foods can I cook in batches?**

Batch cooking is a great way to have healthy meals. The following foods can be cooked ahead of time in batches. You can use them for salads, tacos, sandwiches, or side dishes:

- Meats, such as beef, chicken, and pork
- Plant-based protein, such as beans
- Grains, such as pasta, quinoa, and rice
- Roasted vegetables, such as broccoli and carrots

Batch cooking is also a great way to cook some ingredients or foods that need longer cooking time. Casseroles, soups, stews, chili, sauces, salsas, muffins, and scones can easily be made in batches. They also can be frozen. The key is to portion them before you freeze them. This way, when you're ready to use a portion, it's easy to thaw out. Remember to label and date the containers you keep in the freezer.

### **What are some healthy, low-cost foods I can keep in my pantry?**

- Oats, pasta, and rice
- Lentils and canned or dried beans (such as chickpeas, black beans, and kidney beans)
- Canned chicken or fish (such as salmon and tuna)

- Canned vegetables (such as carrots, corn, and green beans)
- Canned crushed tomatoes, diced tomatoes, or tomato paste
- Low sodium chicken or vegetable broth
- Peanut butter
- Olive oil and vinegar (such as apple cider vinegar and white wine vinegar)
- Herbs and spices (such as cinnamon, garlic powder, onion powder, oregano, parsley, and thyme)

### **How long can I keep leftovers?**

You can keep leftovers in your refrigerator for 3 to 4 days, or in your freezer for 3 to 4 months. If you keep leftovers in your refrigerator, it's best to eat them within 2 days.

### **What do the dates on food and drink products mean?**

Examples of common date labels are:

#### **“BEST IF USED BY” or “BEST IF USED BEFORE”**

The “Best If Used By” or “Best If Used Before” date tells you how long the product will last before it loses its flavor or quality. To get the best flavor and quality of the product, eat or drink it before this date.

The “Best If Used By” or “Best If Used Before” date is not:

- A purchase date. A purchase date is the date you need to buy the product by.
- A safety date. A safety date is the last date the product is considered safe to eat or drink for health reasons.

#### **“SELL BY”**

The “Sell By” date tells the store how long to offer the product for sale. For the best quality, you should buy the product before this date.

The “Sell By” date is not a safety date.

#### **“USE BY”**

The “Use By” date is the last date recommended for using the product while it's still at its best quality. The product may not be safe to eat or drink after this date because it could spoil or grow harmful bacteria.

The “Use By” date is not a safety date, except for baby formula. If you use baby formula after the “Use By” date, it may lose important nutrients that babies need. It could also become unsafe for babies to drink.
