Caregiver Expectations for Stem Cell Transplant and Cellular Therapy

This video explains what it means to be chosen as a caregiver for someone having a stem cell transplant or cellular therapy. It describes what's expected and how you can get ready.

Please visit www.mskcc.org/pe/caregiver-expectations to watch this video.

If you have questions or concerns, contact your healthcare provider. A member of your care team will answer Monday through Friday from 9 a.m. to 5 p.m. Outside those hours, you can leave a message or talk with another MSK provider. There is always a doctor or nurse on call. If you're not sure how to reach your healthcare provider, call 212-639-2000.
