Continuous Peripheral Nerve Block (CPNB): Information for Pediatric Patients

This information from InfuSystem® explains what a continuous peripheral nerve block (CPNB) is and why your child might need one.

Visit https://www.mskcc.org/pe/cpnb-peds to see this resource.

If you have questions or concerns, contact your healthcare provider. A member of your care team will answer Monday through Friday from 9 a.m. to 5 p.m. Outside those hours, you can leave a message or talk with another MSK provider. There is always a doctor or nurse on call. If you're not sure how to reach your healthcare provider, call 212-639-2000.

For more resources, visit www.mskcc.org/pe to search our virtual library.
