About Cytoreductive Surgery for Ovarian Cancer

In this video, we'll describe cytoreductive surgery for ovarian cancer, its benefits, and its risks. Cytoreductive surgery is also called debulking surgery.

Please visit www.mskcc.org/pe/cytoreductive-ovarian to watch this video.

If you have questions or concerns, contact your healthcare provider. A member of your care team will answer Monday through Friday from 9 a.m. to 5 p.m. Outside those hours, you can leave a message or talk with another MSK provider. There is always a doctor or nurse on call. If you're not sure how to reach your healthcare provider, call 212-639-2000.
