Get Started With MSK's Remote Monitoring App

Learn how to get started in a Remote Monitoring program at MSK. Remote Monitoring allows your MSK provider to check on you and track your progress without you having to come into the office.

Please visit www.mskcc.org/pe/remote-monitoring to watch this video.

If you have questions or concerns, contact your healthcare provider. A member of your care team will answer Monday through Friday from 9 a.m. to 5 p.m. Outside those hours, you can leave a message or talk with another MSK provider. There is always a doctor or nurse on call. If you're not sure how to reach your healthcare provider, call 212-639-2000.

For more resources, visit www.mskcc.org/pe to search our virtual library.
