How To Manage Nausea During Chemotherapy

This video will explain why you might get nauseous during chemotherapy, what you can do to prevent it, and when you should call your healthcare provider.

Please visit www.mskcc.org/pe/chemo_nausea to watch this video.

If you have questions or concerns, contact your healthcare provider. A member of your care team will answer Monday through Friday from 9 a.m. to 5 p.m. Outside those hours, you can leave a message or talk with another MSK provider. There is always a doctor or nurse on call. If you're not sure how to reach your healthcare provider, call 212-639-2000.

For more resources, visit www.mskcc.org/pe to search our virtual library.
