PATIENT & CAREGIVER EDUCATION

How to Prepare, Mix, and Administer Your Eligard® Pre-connected Syringe System

This video from Tolmar will help you learn how to prepare, mix, and give yourself an injection (shot) with Leuprolide acetate (Eligard®).

Visit www.msk.org/pe/eligard_video to watch a video showing how to prepare, mix, and give yourself an Eligard injection.

If you have questions or concerns, contact your healthcare provider. A member of your care team will answer Monday through Friday from 9 a.m. to 5 p.m. Outside those hours, you can leave a message or talk with another MSK provider. There is always a doctor or nurse on call. If you're not sure how to reach your healthcare provider, call 212-639-2000.

For more resources, visit www.mskcc.org/pe to search our virtual library.
