PATIENT & CAREGIVER EDUCATION

Introduction to Inhalers

This video from the COPD Foundation will help you learn basic information about the 3 common types of inhalers: metered-dose inhalers (MDIs), single-dose dry powder inhalers (DPIs), and soft mist inhalers (SMIs).

Visit www.msk.org/pe/introduction-inhalers to watch this video.

If you have questions or concerns, contact your healthcare provider. A member of your care team will answer Monday through Friday from 9 a.m. to 5 p.m. Outside those hours, you can leave a message or talk with another MSK provider. There is always a doctor or nurse on call. If you're not sure how to reach your healthcare provider, call 212-639-2000.

For more resources, visit www.mskcc.org/pe to search our virtual library.
