Managing Cancer-Related Fatigue

This video will help you manage fatigue (feeling more tired and weak than usual) from your cancer treatment.

Please visit www.mskcc.org/pe/manage-fatigue-video to watch this video.

If you have questions or concerns, contact your healthcare provider. A member of your care team will answer Monday through Friday from 9 a.m. to 5 p.m. Outside those hours, you can leave a message or talk with another MSK provider. There is always a doctor or nurse on call. If you're not sure how to reach your healthcare provider, call 212-639-2000.
