

PATIENT & CAREGIVER EDUCATION

MATCH-UP Cancer Care Study

This video explains a research study at MSK for patients with breast or prostate cancer. The MATCHES Trial IRB protocol #25-055 is evaluating enhanced telehealth, which offers certain cancer care services at home to reduce in-person visits while maintaining standard care.

Please visit www.mskcc.org/pe/matches-video to watch this video.

For any further questions about this study please contact MATCHES@mskcc.org or call 332-229-1444

If you have questions or concerns, contact your healthcare provider. A member of your care team will answer Monday through Friday from 9 a.m. to 5 p.m. Outside those hours, you can leave a message or talk with another MSK provider. There is always a doctor or nurse on call. If you're not sure how to reach your healthcare provider, call 212-639-2000.

For more resources, visit www.mskcc.org/pe to search our virtual library.
