PATIENT & CAREGIVER EDUCATION

# Showering While You Have a Central Venous Catheter (CVC)

This video will show you how to put a waterproof cover over your CVC before you shower. It will also teach you how to shower using a 4% chlorhexidine gluconate (CHG) solution antiseptic skin cleanser, such as Hibiclens®.

Please visit [www.mskcc.org/pe/about\\_cvc\\_pediatric](http://www.mskcc.org/pe/about_cvc_pediatric) to watch this video.

If you have questions or concerns, contact your healthcare provider. A member of your care team will answer Monday through Friday from 9 a.m. to 5 p.m. Outside those hours, you can leave a message or talk with another MSK provider. There is always a doctor or nurse on call. If you're not sure how to reach your healthcare provider, call 212-639-2000.

For more resources, visit [www.mskcc.org/pe](http://www.mskcc.org/pe) to search our virtual library.
