# Women's Survivorship Support Group

This seven-week online support group is for women with early-stage cancer who have completed treatment at MSK. We will address topics such as managing feelings of sadness, loss and worries about recurrence; coping with body image changes and treatment side effects; and navigate personal and professional relationships. Requires a seven-week commitment. Consultation necessary before joining.

## Audience

Women with early-stage cancer who have completed their treatment at MSK.
