

PATIENT & CAREGIVER EDUCATION

Young Adult D&D Night

Join fellow AYA patients for a virtual Dungeons & Dragons adventure!

Work together to explore a fantasy world, solve challenges, make choices, and see where the story takes you. Whether you're a longtime player or have never rolled a D20, all experience levels are welcome. Our Dungeon Master will guide you through everything you need to know, no preparation or prior experience required!

This program is for MSK patients ages 18-39.
