

PATIENT & CAREGIVER EDUCATION

Pride Virtual Spirituality Group

In honor of Pride Month, the MSK Department of Spiritual Care would like to invite you to a special virtual spirituality group. This group will explore spirituality, cancer treatment, and being LGBTQ+. It is a dedicated space to discuss spirituality openly, exchange personal experiences, and share spiritual practices.

This group is led by multi-faith chaplains and is open to all MSK adult patients and caregivers.

This is a special event. To learn more about MSK's ongoing virtual spirituality group, please [click here](#).
