

## PATIENT & CAREGIVER EDUCATION

# Young Adult Writing Workshop

Located at the Lounge at Main Campus, this in person workshop will offer young adults the opportunity to explore the healing power of creative expression through writing. Facilitated by oncology social workers, you'll be empowered to share your story, find your voice, and connect with others on a similar journey. All levels of writers are welcome. A writing journal and pen will be provided. Please register for details and directions.

### **Audience:**

This program is for MSK patients ages 15-39.
