

PATIENT & CAREGIVER EDUCATION

Young Adult Patient Panel: Navigating Life with Cancer

In honor of Young Adult Cancer Awareness Month, we invite you to a virtual panel event. This insightful evening will bring together MSK patients who will share their perspectives on navigating life with cancer as a young adult.

Our panelists will explore important topics including:

- Relationships and social dynamics
- Balancing school or work with treatment
- Navigating finances during cancer care
- Fertility and family planning
- The emotional and psychological impact of cancer diagnosis and treatment

This is an opportunity to connect, learn, and raise awareness about the unique challenges young adults face during their cancer journey. Open to MSK patients ages 21-49.

Audience

This support group is open to MSK patients Age 21-49 only.
