FOR THE MEDIA

Sexual Health Program for Males

Our [Male Sexual and Reproductive Medicine Program](#), led by a urologist who specializes in sexual health, helps men who are dealing with cancer-related sexual health challenges, including erectile dysfunction (impotence).

You can discuss this program with your healthcare team, or call [646-422-4359](tel:646-422-4359) to schedule an appointment and learn more.

Sexual Health Program for Females

Our comprehensive [Female Sexual Medicine and Women's Health Program](#) includes the services of a psychologist/sexual therapist and a general gynecologist to help women experiencing cancer and treatment related side effects.

Talk to your healthcare team about this program, or call [646-888-5076](tel:646-888-5076) to schedule an appointment and learn more.

You can also refer to our [Frequently Asked Questions](#) to get more detailed information about how cancer can affect sexual health for men and women.
