that can accompany treatment.

Our [Resources for Life After Cancer](#) program also offers a full range of educational support services, including individual and family counseling, lectures and workshops, and practical guidance on employment and insurance issues.

The following are some of the services we offer.

Memorial Sloan Kettering Counseling Center

Our [Counseling Center](#) offers individual and family counseling sessions to help cancer survivors and their families address the problems that they may encounter in adjusting to life after treatment.

Integrative Medicine Service

Our [Integrative Medicine Service](#) complements your cancer treatments by addressing the physical and

emotional symptoms associated with cancer and its treatment. We offer a number of therapies, including massage, acupuncture, hypnotherapy, meditation, visualization and other mind-body therapies, music therapy, and nutritional counseling, as well as classes such as yoga, tai chi, and chair aerobics.

Help for Older Patients

Cancer is a challenge for anyone, regardless of age. But if you're over 65, you may face challenges unique to your age group. At MSK, we're committed to providing cancer patients of all ages with the treatment, facilities, and support they need.

Your care team will include healthcare professionals who have the specialized training and experience to effectively treat older patients. Every aspect of your care — diagnosis, treatment, recovery, support — will be tailored to meet your particular needs.

Access Information Through our Patient Portal

Memorial Sloan Kettering Cancer Center offers a secure patient portal — called MSK MyChart — for patients to access information about their care. With MSK MyChart, you can message your care team, manage appointments, view test results, ask for prescription refills, pay bills, and more. [Learn more about MSK MyChart](#) .

To enroll in MSK MyChart, ask your care team to send you an invitation. You can also go to MSKMyChart.mskcc.org and select “Sign up now.”
