We are also conducting a number of clinical trials to test the effectiveness of [genomics](#) in treating non-small cell lung cancer. If the molecular makeup of your tumor matches certain eligibility criteria, your doctor may offer you the opportunity to participate in the study.

Our experts can help determine which clinical trials are right for you. The following clinical trials for lung cancer are currently enrolling new patients. To learn more about a particular study, choose from the list below. For more information about any of our clinical trials, call us at [866-MSK-LUNG](tel:866-MSK-LUNG) ([866-675-5864](tel:866-675-5864)), or talk with your doctor.
