[Give to MSK](#)

We're proud to have a Special Program of Research Excellence (SPORE) grant from the National Cancer Institute to develop new approaches and therapies for people with thyroid cancer.

If participating in a thyroid cancer clinical trial is a good option for you, we can help you find the research study that best fits your needs.

Improving Lives through Thyroid Cancer Research

MSK researchers and physicians have made many contributions to the understanding of how and why thyroid cancer develops – and how to best treat it.

Among other discoveries, we:

characterized the “genetic fingerprint” to predict responsiveness to [radioactive iodine therapy](#) for papillary thyroid cancer, and the likelihood of disease spread

identified hurthle cell carcinoma as its own, distinct type of cancer

did comprehensive genomic studies on anaplastic and poorly differentiated thyroid cancer that are now leading the way to new therapies

4 Clinical Trials found

[A Phase 2 Study of Avutometinib and Defactinib in People With Thyroid Cancer](#)

Diseases: [Thyroid Cancer](#)

Locations: [New York City](#), [Commack Nonna's Garden Foundation Center](#), [Basking Ridge](#), [Westchester](#), [Monmouth](#)

[Who Can Join](#)

[_ Alan L. Ho](#)

[A Phase 2 Study of Lenvatinib Before Surgery in People with Thyroid Cancer](#)

Diseases: [Thyroid Cancer](#)

Locations: [New York City](#), [Commack Nonna's Garden Foundation Center](#), [Basking Ridge](#), [Westchester](#), [Monmouth](#)

[Who Can Join](#)

[_ Richard J. Wong](#)

[A Phase I/II Study of LOXO-292 in Pediatric Patients with Recurrent or Persistent RET-Driven Solid Tumors, including Tumors of the Thyroid and Brain](#)

Diseases: [Pediatric Brain Tumors: Brain Cancer](#), [Pediatric Brain Tumors: CNS Cancer](#), [Solid Tumors](#), [Thyroid Cancer](#)

Locations: [New York City](#)

[Who Can Join](#)

[_ Julia Glade Bender](#)

[A Pilot Study of Cemiplimab Immunotherapy Combined with Dabrafenib and Trametinib in People with Persistent Anaplastic Thyroid Cancer](#)

Diseases: [Thyroid Cancer](#)

Locations: [New York City](#), [Commack Nonna's Garden Foundation Center](#), [Basking Ridge](#), [Westchester](#), [Monmouth](#)

[Who Can Join](#)
