ABOUT US

[Our mission, vision & core values](#)

[Leadership](#)

[History](#)

[Equality, diversity & inclusion](#)

[Annual report](#)

[Give to MSK](#)

and survivors. These programs are designed to provide direct case management and nutritional support to patients, while advocating at all levels for increased resources for and advocacy around this patient population.

[Integrated Cancer Care Access Network](#)

We offer case management services for immigrants with cancer at 12 hospitals in New York City and Long Island, and conduct research to identify and alleviate the most significant barriers to successful cancer treatment.

MSK FOOD Program Celebrates Its 10th Anniversary

The FOOD Program at MSK has helped improve the health and well-being of patients who are food

insecure.

[Video Details](#) →

We operate a network of food pantries co-located in cancer treatment centers to provide medically tailored food items to food insecure cancer patients.

[The Coalition for Housing and Health](#)

Learn about the Coalition for Housing and Health, which aims to address the pressing housing needs of New Yorkers with cancer, renal disease, diabetes, chronic heart disease, and other serious medical conditions.
