Annual report

Give to MSK

broad range of surgical oncology topics to extend the understanding of the management of the cancer patient. To learn more about the Department of Surgery, see the [2023 Annual Report](#).

Program development and redesign characterizes the Office of Surgical Education, which provides administrative direction and oversight for this broad range of programs. The programs attempt to meet the vision of Memorial Sloan Kettering Cancer Center as it seeks to meet the challenge of the progressive control and cure of cancer.

Breast Clinical Research Fellowship

The Breast Service at Memorial Sloan Kettering offers a one-year clinical research fellowship which will provide the surgical resident interested in breast cancer with a strong foundation for fellowship and a career in academic surgery.

Breast Surgical Oncology Fellowship

Memorial Sloan Kettering's Breast Service is one of the most prestigious in the world. This one-year fellowship is comprised of eight to ten months of clinical rotations on the Breast Service, as well as two to four months of electives in the area of Chemotherapy and/or Pathology and/or Radiation Therapy.

Colorectal Surgical Oncology Fellowship

Memorial Sloan Kettering's Colorectal Service offers a one-year fellowship open to fully trained surgeons who demonstrate a strong interest in colon and rectal cancer surgery.

Complex General Surgical Oncology Fellowship

The Department of Surgery offers a two-year surgical oncology fellowship to fully trained general surgeons who desire further experience in surgical oncology.

[Dental Oncology Fellowship](#)

The Dental Service in the Department of Surgery at Memorial Sloan Kettering Cancer Center offers a one-year fellowship in Dental Oncology.

[Dental Service Clinical Research Fellowship](#)

The Dental Service Clinical Research Fellowship is a one-year program that provides opportunities for training and research experience as it relates to cancer and the sequelae and complications of oncologic interventions.

[Gynecologic Oncology Fellowship](#)

Memorial Sloan Kettering offers a four-year fellowship that prepares trainees for certification and an academic career in the subspecialty of gynecologic oncology.

[Head and Neck Oncology Fellowship](#)

The Head and Neck Service of the Department of Surgery at Memorial Sloan Kettering offers four fellowship training schemes in head and neck oncologic surgery.

[Hepatopancreatobiliary Fellowship](#)

This fellowship is clinically oriented, which helps provide fellows with a broad exposure to all aspects of hepatobiliary surgery.

[International Gynecologic Oncology Fellowship](#)

The Memorial Sloan Kettering Gynecology Service offers a two-year international gynecologic oncology fellowship to fully trained gynecologists from outside the United States who desire further training in gynecologic oncology.

[International Surgical Oncology](#)

The Department of Surgery offers a one-year International Surgical Oncology Fellowship to fully trained surgeons from outside the United States who desire further experience in surgical oncology.

[International Surgical Oncology Global Cancer Disparities Fellowship](#)

The Department of Surgery offers a one-year International Surgical Oncology Global Cancer Disparities Fellowship to fully trained surgeons from outside the United States and Canada.

[Maxillofacial Prosthetics Fellowship](#)

The Dental Service in the Department of Surgery at Memorial Sloan Kettering Cancer Center offers a one-year fellowship in Maxillofacial Prosthetics. The Maxillofacial Prosthetic Fellowship is accredited by the Commission on Dental Accreditation.

[MSKCC Global Cancer Disparities Research Fellowship](#)

The Global Cancer Disparities Initiatives (GCDI) program at Memorial Sloan Kettering Cancer Center (MSKCC) is pleased to invite applications to the Global Cancer Disparities Research Fellowship.

[Musculoskeletal Oncology Fellowship](#)

The Musculoskeletal Oncology Fellowship Program at Memorial Sloan Kettering Cancer Center is an accredited program with Residency Review Committee and American Board of Orthopaedic Surgery approval.

[Ophthalmic Oncology Fellowship](#)

The Department of Surgery offers a two-year ophthalmic oncology fellowship to fully trained ophthalmologists who desire further experience in ophthalmic oncology.

[Ovarian Cancer Clinical Research Fellowship](#)

The Ovarian Cancer Clinical Research fellowship is a two-year position that exposes research fellows to a robust and active clinical research program in all aspects of ovarian cancer research.

[Pediatric Surgical Oncology Fellowship](#)

The Pediatric Surgical Oncology Fellowship at Memorial Sloan Kettering is a unique fellowship that offers broad exposure to the spectrum of surgical management of pediatric oncologic disease.

[Plastic and Reconstructive Microsurgery Fellowship](#)

The Plastic and Reconstructive Fellowship at Memorial Sloan Kettering is a unique fellowship that offers broad exposure to reconstructive procedures after oncologic resections.

[Plastic and Reconstructive Surgery Clinical Research Fellowship](#)

The Plastic and Reconstructive Surgery Service at Memorial Sloan Kettering offers a 1-2 year clinical research fellowship which will provide candidates interested in reconstructive plastic surgery a strong foundation for residency and fellowship and a career in academic surgery.

[Straumann Maxillofacial Dental Implantology Research Fellowship](#)

The Straumann Maxillofacial Dental Implantology Research Fellowship is a one-year non-clinical research program that provides opportunities for training and research experience as it relates to dental implantology in oncology.

[Surgery Research Fellowship](#)

Memorial Sloan Kettering's Department of Surgery offers a one- to two-year fellowship that prepares surgical trainees to participate in or lead translational or laboratory-based research.

[Surgical Oncology Research Fellow](#)

The Department of Surgery at Memorial Sloan-Kettering Cancer is looking for a highly motivated, academically oriented surgical resident – from PGY2 to PGY5 level at an ACGME accredited surgical

residency program – interested in surgical oncology research.

[Surgical Quality and Safety Research Fellowship](#)

The Breast Service at Memorial Sloan Kettering offers a one-year clinical research fellowship which will provide the surgical resident interested in breast cancer with a strong foundation for fellowship and a career in academic surgery.

[Surgical Scholars Program](#)

The Department of Surgery is launching a competitive, one-year Surgical Scholars Program designed to provide research experience for post-baccalaureate students interested in pursuing an academic career in medicine.

[The Mammadi Soudavar Traveling Fellowship](#)

[Thoracic Surgical Oncology Fellowship](#)

Memorial Sloan Kettering Cancer Center offers a non-accredited advanced training opportunity in complex thoracic surgery for individuals who have completed a cardiothoracic training program, are board certified or board-eligible (or their equivalent), and are interested in an additional intensive experience in advanced thoracic surgical oncology.

[Urologic Oncology Fellowship](#)

The fellowship is structured to provide a two year experience in research and clinical training. The fellowship is the largest and oldest of its kind in the world.

[Uterine Cancer Clinical Research Fellowship](#)

The Uterine Cancer Clinical Research fellowship is a two-year position that exposes research fellows to a robust and active clinical research program in all aspects of uterine as well as cervical and vulvovaginal cancer research.
