Kettering for those interested in learning lung transplant anesthesia or intraoperative transesophageal echocardiography.

The fellow attends educational conferences on anesthesiology, thoracic anesthesia, and thoracic surgery. In addition, the fellow will have one non-clinical day a week for research and educational purposes, will organize presentations for the Thoracic Anesthesia Journal Club, and will attend courses in introductory biostatistics. Mentored clinical research will be encouraged, with the goal of presenting at national meetings such as the SCA and ASA and eventual publication of work in peer-reviewed journals. No call responsibility required.

Length of Program

One year

Number of Positions

One

How to Apply

Interested candidates should submit a CV and a Personal Statement to [Sara Jafri](#).
