Equality, diversity & inclusion
Annual report
Give to MSK

I am a clinical social worker with a special focus in cancer survivorship. I graduated from Smith College School for Social Work and joined Memorial Sloan Kettering in 2007. I currently work with adult survivors of pediatric cancers as well as with the Resources for Life After Cancer Program. My clinical focus includes helping patients adjust to the emotional and practical impact of cancer after treatment has ended to help with the process of moving forward.
