Get to Know Me

I am a hematologist-oncologist who cares for people with [lymphoma](#) , including [non-Hodgkin lymphoma](#) . I have a particular focus on Hodgkin lymphoma, systemic T cell lymphoma, and cutaneous T cell lymphoma (a rare type of skin lymphoma).

What I Do at MSK

I'm a lymphoma specialist, which is a doctor with special training in diagnosing and treating lymphoma (lim-FOH-muh). This cancer starts in the cells of the immune system.

- Associate Attending Physician

Clinical Trials

- Clinical Trials Investigated by Dr. Moskowitz
- [A Phase 2 Study of Ruxolitinib in People With T-Cell Large Granular Lymphocytic Leukemia](#)
- [A Phase 3 Study of Brentuximab Vedotin in People With Hodgkin Lymphoma](#)

- [A Phase I Study of Ruxolitinib and Duvelisib to Treat Recurrent or Persistent T-Cell or NK-Cell Lymphomas](#)
- [A Phase II Study Assessing the Addition of Duvelisib or CC-486 to the Usual Treatment for Peripheral T-Cell Lymphoma](#)

Find a Clinical Trial for You

Memorial Sloan Kettering's doctors and scientists are constantly developing new treatments for cancer. MSK is typically running hundreds of clinical trials at a given time.

You may be able to participate in a clinical trial even if you are new to MSK. Search our online directory to find trial information and see more about who can participate.

Disclosures

Members of the MSK Community often work with pharmaceutical, device, biotechnology, and life sciences companies, and other organizations outside of MSK, to find safe and effective cancer treatments, to improve patient care, and to educate the health care community. These activities outside of MSK further our mission, provide productive collaborations, and promote the practical application of scientific discoveries.

MSK requires doctors, faculty members, and leaders to report (“disclose”) the relationships and financial interests they have with external entities. As a commitment to transparency with our community, we make that information available to the public. Not all disclosed interests and relationships present conflicts of interest. MSK reviews all disclosed interests and relationships to assess whether a conflict of interest exists and whether formal COI management is needed.

Alison J. Moskowitz discloses the following relationships and financial interests:

- Affimed
Professional Services and Activities (Uncompensated)
- AstraZeneca
Professional Services and Activities (Uncompensated)
- ER Congressi
Professional Services and Activities (Uncompensated)
- Medscape
Professional Services and Activities
- Pfizer, Inc.
Professional Services and Activities (Uncompensated)

- Plexus Communications
Professional Services and Activities
- Society of Hematologic Oncology
Professional Services and Activities
- St. Francis Hospital, The Heart Center
Professional Services and Activities
- Takeda Pharmaceuticals
Professional Services and Activities

If you're a patient at MSK and would like more information about your doctor's external relationships, please talk with your doctor.

The information published here is a complement to other publicly reported data and is for a specific annual disclosure period. There may be differences between information on this and other public sites as a result of different reporting periods and/or the various ways relationships and financial interests are categorized by organizations that publish such data.

This page and data include information for a specific MSK annual disclosure period (January 1, 2024 through disclosure submission in spring 2025). This data reflects interests that may or may not still exist. This data is updated annually.

Learn more about MSK's COI policies [here](#) . For questions regarding MSK's COI-related policies and

procedures, email MSK's Compliance Office at ecoi@mskcc.org .
