Get to Know Me

What I Do at MSK

I'm a pathologist, which is a doctor who uses a microscope to make a diagnosis from cell and tissue samples. I analyze these samples to learn the cause and effects of a health issue.

- Chief, Molecular Diagnostics Service
- William J. Ruane Chair in Molecular Oncology

Areas of Expertise

Conditions I Treat

- Lung cancer
- Soft tissue sarcomas

My Specialties

- Molecular genetic pathology
- Experimental pathology
- Molecular diagnostics

Education & Honors

Education

- MD, McGill University

Residencies

- McGill University

Fellowships

- Memorial Sloan Kettering Cancer Center

Board Certifications

- Anatomic Pathology
- Clinical Molecular Genetics

Insurance Information

Understanding your insurance options is an important part of managing your cancer care. We have relationships with many common healthcare providers and plans.

Don't see your carrier or plan? [We can help you understand your coverage](#) .

If you don't have health insurance or are worried that your care may not be fully covered, our [financial assistance](#) programs may be able to help.

If you have questions about insurance, call us at [646-497-9176](#) .

Clinical Trials

Find a Clinical Trial for You

Memorial Sloan Kettering's doctors and scientists are constantly developing new treatments for cancer. MSK is typically running hundreds of clinical trials at a given time.

You may be able to participate in a clinical trial even if you are new to MSK. Search our online directory to find trial information and see more about who can participate.

[Search clinical trials](https://www.mskcc.org/cancer-care/clinical-trials) (<https://www.mskcc.org/cancer-care/clinical-trials>)

Disclosures

Members of the MSK Community often work with pharmaceutical, device, biotechnology, and life sciences companies, and other organizations outside of MSK, to find safe and effective cancer treatments, to improve patient care, and to educate the health care community. These activities outside of MSK further our mission, provide productive

collaborations, and promote the practical application of scientific discoveries.

MSK requires doctors, faculty members, and leaders to report (“disclose”) the relationships and financial interests they have with external entities. As a commitment to transparency with our community, we make that information available to the public. Not all disclosed interests and relationships present conflicts of interest. MSK reviews all disclosed interests and relationships to assess whether a conflict of interest exists and whether formal COI management is needed.

Marc Ladanyi discloses the following relationships and financial interests:

- Gilead Sciences, Inc.
Professional Services and Activities
- Merck & Co Inc.
Professional Services and Activities
- Paige.AI, Inc.
Equity; Professional Services and Activities (Uncompensated)
- SOPHiA GENETICS S.A.
Intellectual Property Rights

If you’re a patient at MSK and would like more information about your doctor’s external relationships, please talk with your doctor.

The information published here is a complement to other publicly reported data and is for a specific annual disclosure period. There may be differences between information on this and other public sites as a result of different reporting periods and/or the various ways relationships and financial interests are categorized by organizations that publish such data.

This page and data include information for a specific MSK annual disclosure period (January 1, 2024 through disclosure submission in spring 2025). This data reflects interests that may or may not still exist. This data is updated annually.

Learn more about MSK’s COI policies [here](#) . For questions regarding MSK’s COI-related policies and procedures, email MSK’s Compliance Office at ecoi@mskcc.org .
