## About Me

## What I Do at MSK

- Associate Attending Physician

## Get To Know Me

I am interested in the epidemiology of infections that occur in patients who have complex conditions, such as those with cancer.

Patients who have a number of pre-existing conditions are challenging to treat, and we are engaged in clinical research to study these complex conditions and find better way to treat them. I am investigating new methods designed to examine infections in their natural clinical setting and to provide unbiased estimates of their impact on patient outcomes.

## My Role at MSK

An infectious diseases specialist is a doctor with special training in diseases caused by microorganisms (bacteria, fungi, parasites, and viruses).

## Areas of Expertise

### My Specialties

Infectious Diseases

AIDS-Associated Cancers

## Education & Honors

### Education

MD, MPH, New York Medical College

### Residencies

Long Island Jewish Medical Center

### Fellowships

Memorial Sloan Kettering Cancer Center

### Board Certifications

## Insurance Information

Understanding your insurance options is an important part of managing your cancer care. We have relationships with many common healthcare providers and plans.

Don't see your carrier or plan? [We can help you understand your coverage.](#)

If you don't have health insurance or are worried that your care may not be fully covered, our [financial assistance](#) programs may be able to help.

If you have questions about insurance, call us at [646-497-9176](tel:646-497-9176).

## Make an Appointment

**New Patients**

Scheduling an appointment is easy. Click or call [212-639-7810](tel:212-639-7810)— we’re available Monday through Friday, 8 a.m. to 6 p.m. (Eastern time)

Looking to see a doctor at a different location? [See all MSK locations.](#)

## Colleagues

Doctors at Memorial Sloan Kettering work as teams, with specialists from all different areas. This allows us to consider all your needs together, and to give you the best possible care.

[See all Infectious Diseases Service doctors](#) 

## Clinical Trials

### Find a Clinical Trial for You

Memorial Sloan Kettering's doctors and scientists are constantly developing new treatments for cancer. MSK is typically running hundreds of clinical trials at a given time.

You may be able to participate in a clinical trial even if you are new to MSK. Search our online directory to find trial information and see more about who can participate.

## Disclosures

Doctors and faculty members often work with pharmaceutical, device, biotechnology, and life sciences companies, and other organizations outside of MSK, to find safe and effective cancer treatments, to improve patient care, and to educate the health care community.

MSK requires doctors and faculty members to report ("disclose") the relationships and financial interests they have with external entities. As a commitment to transparency with our community, we make that information available to the public.

Ying Taur discloses the following relationships and financial interests:

Seres Therapeutics  
Intellectual Property Rights

If you're a patient at MSK and would like more information about your doctor's external relationships, please talk with your doctor.

The information published here is for a specific annual disclosure period. There may be differences between information on this and other public sites as a result of different reporting periods and/or the various ways relationships and financial interests are categorized by organizations that publish such data.

This page and data include information for a specific MSK annual disclosure period (January 1, 2022 through disclosure submission in spring 2023). This data reflects interests that may or may not still exist. This data is updated annually.

Learn more about MSK’s COI policies [here](#). For questions regarding MSK’s COI-related policies and procedures, email MSK’s Compliance Office at [ecoi@mskcc.org](mailto:ecoi@mskcc.org).
