Pathology of Melanocytic Tumors | May 9-10, 2016

TARGET AUDIENCE

The course will be of value to dermatopathologists, general pathologists, dermatologists, and surgeons, as well as physicians in training.

COURSE OVERVIEW

The course is designed to provide a current review of the pathology of melanocytic tumors. Traditional and more recently recognized morphologic features useful for diagnosis will be presented. New modern ancillary tests will be explained and their use discussed. Emphasis will be placed on clinic-pathologic correlation as well as the integration of genetic and genomic findings for diagnosis, prognosis and treatment selection. Most of the topics will be addressed in lecture format. At the end of the course cases of high didactic value (e.g., problematic melanocytic lesions with known outcome and/or genomic findings) will be discussed in detail. Participants will have the opportunity to preview the pathology of these cases online before the course.

COURSE OBJECTIVES

- Know important morphologic clues useful for the differential diagnosis of melanocytic tumors and understand the value as well as limitations of morphologic findings and clinical correlations.
- Be familiar with the spectrum of melanocytic nevi and melanoma variants.
- Understand the sensitivity and specificity of various novel methods (new immunohistochemical reagents, dermoscopy, cytogenetic and molecular tests) for the diagnosis of melanocytic tumors.
- Have a grasp of modern concepts in melanocyte pathology, with emphasis on pathologic, genomic and genetic correlations
- Know what is relevant to report and communicate to clinicians.
- Comprehend the role of the pathologist in determining treatment options for the patient through molecular and immunohistochemical analysis.

Pathology of Melanocytic Tumors | May 9-10, 2016

FACULTY

MSK COURSE
DIRECTOR

Klaus J. Busam MD

Professor of Pathology and
Laboratory Medicine,
Weill Medical College of
Cornell University;
Director of
Dermatopathology,
Dept of Pathology, MSK

GUEST FACULTY

Pedram Gerami MD

Associate Professor of
Dermatology,
Northwestern
University

GUEST FACULTY

Richard Scolyer BMedSci MBBS MD FRCPA FRCPath

Professor, University
of Sydney, Senior Staff
Specialist of Tissue
Pathology and Diagnostic
Oncology at Royal Prince
Alfred Hospital

MSK FACULTY

Charlotte Ariyan MD PhD

Assistant Attending,
Department of Surgery

Daniel Coit MD FACS

Attending, Department of Surgery

Jasmine Francis MD

Assistant Attending, Dept of Surgery,
Ophthalmology Service

Travis Hollmann MD PhD

Assistant Attending,
Department of Pathology

Mario Lacouture MD

Assistant Attending,
Dept of Medicine,
Dermatology Service

MSK FACULTY

Ashfaq Marghoob MD

Attending, Department of Medicine,
Dermatology Service

Brian Marr MD

Assistant Attending, Department of
Surgery, Ophthalmology Service

Kishwer Nehal MD

Attending, Department of Medicine,
Dermatology Service

Melissa Pulitzer MD

Assistant Attending,
Department of Pathology

Pathology of Melanocytic Tumors | May 9-10, 2016

Monday, May 9

MORNING SESSIONS

7:00-7:55am	BREAKFAST & REGISTRATION
7:55-8:00am	WELCOME AND ANNOUNCEMENTS Klaus J. Busam MD Session 1: Ancillary Methods for Diagnosis, Prognosis and Treatment
8:00-8:30am	Immunohistochemistry Klaus J. Busam MD
8:30-9:00am	Cytogenetic Analysis Pedram Gerami MD
9:00-9:30am	Mutation Analysis Richard Scolyer BMedSci MBBS MD FRCPA FRCPATH
9:30-10:00am	Gene expression studies Pedram Gerami MD
10:00-10:30am	BREAK Session 2: Prognostic Factors
10:30-11:00am	Prognostic factors — how to assess and what to report Richard Scolyer BMedSci MBBS MD FRCPA FRCPATH Session 3: Lentigo Maligna
11:00-11:30am	Lentigo maligna – treatment Kishwer Nehal MD
11:30am-12 noon	Lentigo maligna — pathology Klaus J. Busam MD
12 noon-1:30pm	LUNCH BREAK

Pathology of Melanocytic Tumors | May 9-10, 2016

Monday, May 9

AFTERNOON SESSIONS

Session 4: Clinical Pearls

- 1:30pm-1:50pm Dermoscopy for dermatopathologists
Ashfaq Marghoob MD
- 1:50-2:10pm Dermatologic management of nevi
Pedram Gerami MD
- 2:10-2:30pm A surgeon's message to pathologists
Daniel Coit MD FACS
- 2:30-3:00pm Melanoma therapy-induced skin lesions
Mario Lacouture MD
- 3:00-3:30pm **BREAK**

Session 5: Melanocytic Nevi and Melanoma of Special Sites

- 3:30-3:45pm Pigmented lesions of the conjunctiva
Brian Marr MD
- 3:45-4:00pm Uveal melanoma
Jasmine Francis MD
- 4:00-4:15pm Pathology of ocular melanocytic tumors
Klaus J. Busam MD
- 4:15-4:30pm Surgery of acral and subungual melanoma
Charlotte Ariyan MD PhD
- 4:30-4:45pm Pathology of acral nevi and melanomas
Richard Scolyer BMedSci MBBS MD FRCPA FRCPath
- 4:45-5:00pm Labial and anogenital melanocytic lesions
Travis Hollmann MD PhD

Pathology of Melanocytic Tumors | May 9-10, 2016

Tuesday, May 10

MORNING SESSIONS

7:00-7:55am	BREAKFAST
7:55-8:00am	WELCOME AND ANNOUNCEMENTS Klaus J. Busam MD
	Session 6: Melanocytic Nevi-Diagnosis and Distinction from Melanoma
8:00-8:20am	Acquired nevi, including dysplastic nevi Pedram Gerami MD
8:20-8:40am	Blue nevi Klaus J. Busam MD
8:40-9:00am	Deep penetrating and combined nevi Richard Scolyer BMedSci MBBS MD FRCPA FRCPATH
9:00-9:15am	Congenital nevi and proliferative nodules Pedram Gerami MD
9:15-9:30am	Spitz nevi Klaus J. Busam MD
9:30-9:45am	Nevi changing under therapy Melissa Pulitzer MD
9:45-10:00am	Nodal nevi Richard Scolyer BMedSci MBBS MD FRCPA FRCPATH
10:00-10:30am	BREAK
	Session 7: Diagnostic challenges
10:30-10:50am	Desmoplastic melanoma Klaus J. Busam MD
10:50-11:10am	Spitzoid melanoma Pedram Gerami MD
11:10-11:30am	Nevoid melanoma Klaus J. Busam MD
11:30-11:50am	Blue nevus-like melanoma Richard Scolyer BMedSci MBBS MD FRCPA FRCPATH
11:50-12:00am	DISCUSSION Klaus J. Busam MD
12 noon-1:30pm	LUNCH BREAK

Pathology of Melanocytic Tumors | May 9-10, 2016

Tuesday, May 10

AFTERNOON SESSIONS / CLOSING

Session 8: Case Discussions

1:30-2:15pm

Cases 1-5
Pedram Gerami MD

2:15-3:00pm

Cases 6-10
Richard Scolyer BMedSci MBBS
MD FRCPA FRCPath

3:00-3:45pm

Cases 11-15
Klaus J. Busam MD

3:45-4:00pm

DISCUSSION

4:00pm

CLOSING REMARKS
Klaus J. Busam MD

Please complete and return
Educational Credit Request Form to
Reception Desk before you depart.

REGISTRATION

EARLY* GENERAL

\$500 \$550 MDs, PhDs and DOs

\$250 \$300 Residents, Fellows, RNs
and other healthcare providers

*Deadline is March 31, 2016.

Registration includes an electronic syllabus and other related hand-out materials, continental breakfast, lunch, and refreshment breaks. Special meals are available upon request, including vegetarian, kosher, or gluten-free. Please let us know if we can assist you with special dietary needs.

To register, please go to:

www.mskcc.org/dermatopathology

OFFICE OF CONTINUING MEDICAL EDUCATION

Memorial Sloan Kettering Cancer Center

633 Third Avenue, 12th floor, New York, New York 10017

(646) 227-2025 | brodheap@mskcc.org

TARGET AUDIENCE

The course will be of value to dermatopathologists, general pathologists, dermatologists, and surgeons, as well as physicians in training.

COURSE DESIGN

The course will run for two days and will consist of a series of lectures as well as case-based slide discussions. Digital images of slides will be available for preview one month before the start of the course. The lectures of the course will discuss novel diagnostic techniques, light microscopic clues for diagnosis, and prognostic features. Lectures given by dermatologists and surgeons emphasize the multidisciplinary approach.

ACCREDITATION STATEMENT

MSK is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

AMA CREDIT DESIGNATION STATEMENT

MSK designates this live activity for a maximum of **11.5 AMA PRA Category 1 Credits™**. Physicians should only claim credit commensurate with the extent of their participation in the activity. The AMA has determined that physicians not licensed in the United States but who participate in this CME activity are eligible for **11.5 AMA PRA Category 1 Credits™**.

EVALUATION

A course evaluation survey sent electronically will provide attendees with the opportunity to review the sessions and the speakers and to identify future educational needs.

FACULTY DISCLOSURE

It is the policy of MSK to make every effort to insure balance, independence, objectivity, and scientific rigor in all continuing medical education activities which it sponsors as an ACCME accredited provider. In accordance with ACCME guidelines and standards, all faculty participating in an activity sponsored by MSK are expected to disclose any significant financial interest or other relationship with the manufacturer(s) of any commercial product(s) and/or provider(s) of commercial services which are discussed by the faculty members in an educational presentation. As required by the ACCME, when an unlabeled use of a commercial product or an investigational use not yet approved for any purpose is discussed during an educational activity, MSK requires the speaker to disclose that the product is not labeled for the use under discussion or that the product is still investigational.

OUTCOMES MEASUREMENT SURVEY

Six months after the end of the course an Outcomes Measurement Survey will be sent to all participants to help us determine what positive impacts have been made on participant practice as a result of the course.

ACCOMMODATIONS

If you'll be traveling to MSK from out of town, we recommend that you plan your overnight stays as soon as possible. To make the planning a little easier, we've negotiated special rates at select hotels in Manhattan. Please go to:

www.mskcc.org/locations/visiting-us/accommodations.
