Educational and Performance Improvement Objectives

Upon completion of this educational activity, participants should be able to:

- Understand and explain the types of cancer for which obesity increases risk and mortality
- Understand and discuss the limitations of body mass index for risk assessment
- Review the biologic mechanisms by which obesity promotes cancer and explain potential points of intervention

Accreditation Statement: This activity has been planned and implemented in accordance with the Essential Areas and policies of the Accreditation Council for Continuing Medical Education through the joint providership of Memorial Sloan Kettering Cancer Center (MSKCC) and the Hudson Valley Cancer Alliance. Memorial Sloan Kettering Cancer Center is accredited by the ACCME to provide continuing medical education for physicians.

Target Audience: This course is directed towards physicians, nurse practitioners, physician assistants, nurses, social workers and health educators.

CME Credit: MSKCC designates this educational activity for a maximum of *2.0 AMA PRA Category 1 Credits*[™]. Physicians should only claim credits commensurate with the extent of their participation in the activity.

Disclosure: MSKCC relies upon faculty participants in its CME Program to provide educational information that is objective and is as free from bias as possible. In accordance with the nationally accepted guidelines, faculty is asked to indicate any commercial relationship that might be perceived as a real or apparent conflict of interest.

Nursing CEU Credit: Approval for nurses has been obtained by the National Office of The Leukemia & Lymphoma Society under provider number CEP 5832 to award 2.0 continuing education contact hours through the California Board of Registered Nursing. Upon completion of this program and submission of the activity evaluation, a certificate of completion will be issued to you following the program or via email within 30 days

The Hudson Valley Cancer Alliance (HVCA) is a network for individuals and organizations that promote patient-centered care for oncology patients and their families by addressing individual, family and community oncology issues and by providing resources to improve the cancer care continuum for all patients in the Hudson Valley regional area. The primary goal of the HVCA is to establish a collaborative platform for oncology professionals in the nine county region of the Hudson Valley, to build capacity and to foster the exchange of ideas, information and resources through educationally based forums, an online list serve and innovative partnerships.
