

# 7 Questions for My Surgeon

1. What surgery do you recommend for me and why?
2. Will I need other treatments before or after surgery?
3. How long will I be in the hospital?
4. When will I know the results of my surgery?
5. What are the risks and side effects I might encounter?  
Will any of them be long-term?
6. Will my breasts feel different after surgery?
7. Can I receive my follow-up care at your locations in New Jersey, Long Island, or Westchester?
