Memorial Sloan Kettering Cancer Center
About the Program

Resources for Life After Cancer (RLAC) is focused on creating a community of support, education, and hope for anyone who has completed active treatment. We provide educational lectures, support groups, counseling services, advocacy, and community referrals to address treatment related side effects and help you live well.

We welcome individuals of all races, religions, gender identities, sexual orientations, abilities, nationalities, and ethnicities. All groups and programs are virtual, and are free of charge. Programs may change and are subject to cancellation.

Post-traumatic Growth
Melissa Stewart, LCSW, Department of Social Work
Cancer can be a shocking experience and, for some, even traumatic. However, many people report the experience can spark significant psycho-spiritual growth. This interactive discussion will focus on the opportunities for personal development that arise as a result of the cancer experience.

NOV 15 5:30-6:45

INTEGRATIVE MEDICINE AND SURVIVORSHIP

Integrative Management of Anxiety
Eugenie Spiguel, ANP, and Karen Popkin, LCAT MT-BC
This lecture will give an overview of anxiety and how it impacts our bodies. We will discuss various integrative strategies including meditation, yoga, acupuncture, and music. This program will include an exercise with music therapy.

JAN 31 5:30-6:45 PM

Boosting Immunity
Eugenie Spiguel, ANP and Jason Hou, PharmD
Join us for an informative conversation about our immune system, how it works, and ways we can naturally enhance it.

APR 19 5:30-7:00 PM

Hot Topic: Managing Hot Flashes with Integrative Medicine
Shelly Latte-Naor, MD
This lecture will address why hot flashes happen, common triggers, and integrative strategies to treat them. There will be a focus on mind-body interventions and will include an interactive exercise.

MAY 23 5:30-6:30 PM
**Calm the Mind and Body with Integrative Medicine**

Lillian Rodich, PA and a movement therapist

This lecture will provide an overview of integrative techniques to promote the mind-body connection.

NOV 14 5:30-6:30PM

---

**CANCER AND AGING**

**Coping with Memory Deficits**

Beatriz Korc-Grodzicki, MD, PhD

Memory and other cognitive changes affect many older adults during and after cancer treatment. This lecture will talk about those changes and explore insights gained from research.

FEB 21 5:30 – 6:45 PM

**Aging Well and Cancer Survivorship**

Jessica Boerma, LCSW, Department of Social Work

Receiving a cancer diagnosis can affect the aging process. This presentation will provide an overview of some of the emotional and practical aspects of aging after treatment is over.

DEC 5 4:00-5:15 PM
DISCUSSION AND EDUCATION
To register for any of our programs, go to www.mskcc.org/events

An Orientation to Life After Cancer
Barbara Golby, LCSW, Department of Social Work
This presentation and interactive discussion will review common emotional and practical concerns that can come up when treatment is over. Both patients and caregivers are welcome to join.

JAN 25, APR 25, JUL 12, OCT 24 1:00-2:15 PM

Dating and Disclosure
Barbara Golby, LCSW, Department of Social Work
After treatment ends, it can be hard to know when, how, and whether to disclose your cancer history. This meeting is lead as an interactive group discussion and will focus on the complexities of dating after treatment. When you register, a social worker will contact you to make sure this group is right for you.

FEB 9 12:00-1:15

Embodied: Coping with Cancer-Related Body Image Changes
Rebecca Santiago, LCSW, Fiona Begg, LCSW, Remi Abolafia, LCSW, and Liz Fortier, LCSW, Department of Social Work
This program will cover common body image concerns for individuals who have completed treatment for cancer. It will review how physical changes after treatment can impact one’s sense of self. When you register, a social worker will contact you to make sure this group is right for you.

MAR 1 2:00-3:30 PM

Finding Our Way: A Discussion of Spirituality and Survivorship
Melissa Stewart, LCSW, Department of Social Work, and Reverend Paul Yoon, BCC, Program Coordinator, Spiritual Care
The cancer experience can leave survivors and those close to them questioning their spiritual beliefs, redefining them, or having a more intense connection with their own belief system. Join a discussion about how this profound experience can impact the spiritual self.

APR 12, OCT 4 5:30-7:00 PM
Support Groups

Our support groups are for people who have completed treatment. The groups provide opportunities to:

• Connect with others going through similar situations
• Share information
• Express and explore feelings about the cancer experience
• Receive understanding and support
• Affirm your own way or discover new ways to adjust to life after treatment

Each group is co-led by social workers, nurses, and/or physical therapists. We encourage participants to share experiences while gathering medical and rehabilitation information from health care professionals.

If you are new to our support groups, a registration and assessment process is required. Due to a high interest in RLAC programs, please allow at least two weeks for a social worker to reach out to you to conduct the assessment.

Please be advised that programs may change and are subject to cancellation.

To register for any of our groups, go to www.mskcc.org/events
