MORE THAN A MEDICAL ID

Our IDs connect to information and services
designed to further protect you in an emergency

My MedicAlert Services

When purchasing a MedicAlert medical ID you receive a suite of services designed to protect you in the event of an emergency. These services are connected to your medical ID for one-year.

Select from our three optional add-on services:

24/7 Emergency Response

First responders and medical professionals are trained to recognize MedicAlert IDs and call our 24/7 Emergency Response Center. We immediately connect them to your medical history, ensuring you receive quick treatment and proper medical care.

24/7 Family Notification

We will communicate with your loved ones to inform them of your emergency and location, ensuring you are quickly reunited with family/friends.

Emergency Health Record

We provide an electronic Emergency Health Record that you can maintain and access from anywhere, at any time. The information from your health record is communicated to first responders and health professionals during an emergency to speed your treatment and ensure quality care.

Physician Notification

We will contact your physician to notify them of your emergency. This service allows for your physician to communicate directly with the treating facility to understand your situation and the type of treatment provided; allowing for exceptional follow up care.

Contact Center Support

We provide live customer support agents to assist you with medical information updates, service upgrades, engraving recommendations, and medical ID purchases. Support is available Mon-Fri (6AM – 5PM PST).

Global Services

Our dedication to safeguarding your health in the event of an emergency expands beyond our borders into more than 50 countries, and translation services are available in 140 languages.
