Please note, even when the application is open, availability is extremely limited.

Eligible staff should apply **only** if they can meet the occupancy requirements outlined in this document. If an offer is made, the applicant must take occupancy within 60 days of the offer date.

Decision Making Process

If an application is not accommodated, the applicant may reapply if:

- ***They are still within their first two years of employment and have not previously declined a housing offer, or***
- ***They currently reside in MSK housing and have not previously declined a housing offer.***

Applicants that wish to reapply can do so via the same application form. If no work or family information has changed, the applicant will have the opportunity to reuse the data from their previous application. In addition, applicants who are not offered housing will receive information to assist in securing housing on the open market.

Decision Communication Timeline

Applicants will be notified of their housing decisions within 90 days after applications are received.

Offer Acceptance & Occupancy

Once a housing offer is made, *the applicant has **15 days** to officially accept it.* If no response is received within this timeframe, the offer will be considered declined. Occupancy must occur **within 60 days of the offer date**. A term limit on occupancy may apply to any housing offer.
