Memorial Sloan Kettering Cancer Center is pleased to announce:

PELVIC MRI COURSE
April 27-29, 2015

COURSE LOCATION
Memorial Sloan Kettering Cancer Center
ZUCKERMAN RESEARCH CENTER
417 East 68th Street between First and York Avenues
New York, USA

Please register today at:
www.mskcc.org/pelvicmri
COURSE OVERVIEW

The use of pelvic MRI in routine clinical practice is growing rapidly, mainly due to the extensive literature supporting its clinical value and expanding clinical indications. This hands-on course will offer the opportunity to learn or brush up on pelvic MRI skills. Short lectures and whole case reviews on individual workstations will demonstrate the pearls and pitfalls in the evaluation of the following examinations performed for various clinical indications:

- Prostate MRI
- Gynecologic MRI
- Rectal MRI

Hands on review of cases will be intermixed with short didactic lectures. One workstation per participant.

EDUCATIONAL OBJECTIVES

- Become familiar with pelvic MRI indications, acquisition protocols and the normal appearance of male and female pelvic structures as visualized on MRI
- Identify abnormal findings on pelvic MRI and the relevance of these findings to patient care
- Recognize the imaging appearances of treated pelvic cancers and pelvic cancer recurrence
- Highlight the value of structured reporting and standardized lexicon in pelvic MRI
As Chair of the Department of Radiology at Memorial Sloan Kettering Cancer Center, I am privileged to oversee a department renowned for its clinical excellence and innovation in anatomic imaging, molecular imaging and therapy, and interventional radiology.

H. Alberto Vargas MD

I am a diagnostic radiologist with specialist training in oncologic and molecular imaging. My clinical and research activities are centered on the use of advanced modalities such as diffusion-weighted and dynamic contrast-enhanced magnetic resonance imaging (MRI) and positron-emission tomography (PET) for the non-invasive diagnosis, staging, treatment response assessment and follow-up of patients with cancer.

Evis Sala MD PhD

Chief, Body Imaging Service

As member of the Gynecologic Cancer Disease Management Team and the Director of Gynecologic Imaging at MSK, I use my expertise in genitourinary cancer imaging to provide specialty care to our patients. My ongoing research is translational and includes assessing the role of functional MRI and PET/CT as a surrogate marker of tumor response to treatment in patients with ovarian and prostate cancer as well quantification of tumor heterogeneity.
MSK FACULTY

Oguz Akin MD

Memorial Sloan Kettering Cancer Center
Monday 27 April

7:30-8:00 BREAKFAST & REGISTRATION

8:00-8:20 WELCOME AND INTRODUCTION
Evolution of pelvic MRI in clinical practice
Hedvig Hricak MD PhD

PROSTATE MRI

8:20-8:40 Prostate Cancer: Clinical needs that can be addressed with imaging
H. Alberto Vargas MD

8:40-9:00 Prostate MRI acquisition protocols and normal anatomy
H. Alberto Vargas MD

9:00-9:20 How I read prostate MRI
Oguz Akin MD

9:20-9:30 COFFEE BREAK

9:30-11:00 HANDS-ON CASE REVIEW ON WORKSTATION
Vargas, Akin, Chaim

11:00-11:40 Q&A SESSION
Vargas, Akin, Chaim

11:40-12:00 Risk-adapted prostate MRI report for newly diagnosed patients
H. Alberto Vargas MD

12:00-1:00 LUNCH

1:00-2:30 HANDS-ON CASE REVIEW ON WORKSTATION
Vargas, Akin, Chaim

2:30-2:50 Imaging treated prostate cancer
H. Alberto Vargas MD

2:50-4:20 HANDS-ON CASE REVIEW ON WORKSTATION
Vargas, Akin, Chaim

4:20-5:00 Q&A SESSION
Vargas, Akin, Chaim

Memorial Sloan Kettering Cancer Center

www.mskcc.org/pelvicmri
Tuesday, April 28

**GYNECOLOGIC MRI**

7:30-8:00 BREAKFAST

8:00-8:20 Gynecologic MRI acquisition protocol and how to report GYN MRI
Evis Sala MD PhD

8:20-8:40 Differentiating Benign from Malignant Disease: How/when not to sit on the fence
Evis Sala MD

8:40-9:20 HANDS-ON CASE REVIEW ON WORKSTATION
Sala, Lakhman, Vargas

9:20-9:30 COFFEE BREAK

9:30-9:50 How does imaging direct management in patients with cervical cancer?
Yulia Lakhman MD

9:50-11:20 HANDS-ON CASE REVIEW ON WORKSTATION
Sala, Lakhman, Vargas

11:20-12:00 Q&A SESSION
Sala, Lakhman, Vargas

12:00-1:00 LUNCH

1:00-1:20 Endometrial cancer: Role of MRI in treatment selection and follow-up
Evis Sala MD PhD

1:20-1:40 Rare Gynecologic Cancers: Vulva/vagina, gestational trophoblastic disease, others
Evis Sala MD PhD, Yulia Lakhman MD

1:40-3:10 HANDS-ON CASE REVIEW ON WORKSTATION
Sala, Lakhman, Vargas

3:10-3:30 Pain in the treated pelvis
Yulia Lakhman MD

3:30-4:30 HANDS-ON CASE REVIEW ON WORKSTATION
Sala, Lakhman, Vargas

4:30-5:00 Q&A SESSION
Sala, Lakhman, Vargas
Wednesday, April 29

**RECTAL MRI**

7:30-8:00  BREAKFAST

8:00-8:20  Rectal MRI acquisition protocol and normal anatomy  
Naomi Campbell MBBCh BAO

8:20-8:40  How I report a rectal MRI  
Marc Gollub MD FACR

8:40-9:00  Rectal Cancer Staging: Impact of MRI in patient management  
Naomi Campbell MBBCh BAO

9:00-9:15  COFFEE BREAK

9:15-10:45  HANDS-ON CASE REVIEW ON WORKSTATION  
Gollub, Campbell, Nougaret

10:45-11:00  Assessing Treatment Response and Cancer Recurrence: Pearls and pitfalls on imaging  
Marc Gollub MD FACR

11:00-12:00  HANDS-ON CASE REVIEW ON WORKSTATION  
Gollub, Campbell, Nougaret

12:00-12:30  Q&A SESSION  
Gollub, Campbell, Nougaret

12:30  ADJOURNMENT  
H. Alberto Vargas MD
REGISTRATION

EARLY* GENERAL
$2000 $2500 MDs, PhDs and DOs

*Deadline is February 27, 2015.

Registration fee includes an electronic syllabus and other related hand-out materials, continental breakfast, lunch, and refreshment breaks. Special meals are available upon request, including vegetarian, kosher, or gluten-free. Please let us know if we can assist you with special dietary needs.

To register to attend please go to: www.mskcc.org/pelvicmri

TARGET AUDIENCE
This course is directed towards practicing radiologists and radiologists in training.

COURSE DESIGN
This course includes hands-on review of cases which will be intermixed with short didactic lectures. One workstation per participant.

EVALUATION
A course evaluation survey sent out electronically will provide attendees with the opportunity to review the sessions and the speakers and to identify future educational needs.

ACCREDITATION STATEMENT
MSK is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

AMA CREDIT DESIGNATION STATEMENT
MSK designates this live activity for a maximum of 15 AMA PRA Category 1 Credits™. Physicians should only claim credit commensurate with the extent of their participation in the activity. The AMA has determined that physicians not licensed in the United States but who participate in this CME activity are eligible for 15 AMA PRA Category 1 Credit(s)™.

RANZCR CREDIT DESIGNATION STATEMENT
This course will be eligible for 19.5 CPD points from The Royal Australian and New Zealand College of Radiologists.

FACULTY DISCLOSURE
It is the policy of MSK to make every effort to insure balance, independence, objectivity, and scientific rigor in all continuing medical education activities which it sponsors as an ACCME accredited provider. In accordance with ACCME guidelines and standards, all faculty participating in an activity sponsored by MSK are expected to disclose any significant financial interest or other relationship with the manufacturer(s) of any commercial product(s) and/or provider(s) of commercial services which are discussed by the faculty members in an educational presentation. As required by the ACCME, when an unlabeled use of a commercial product or an investigational use not yet approved for any purpose is discussed during an educational activity, MSK requires the speaker to disclose that the product is not labeled for the use under discussion or that the product is still investigational.

OUTCOMES MEASUREMENT SURVEY
Six months after the end of the course an Outcomes Measurement Survey will be sent to all participants to help us determine what positive impacts have been made on participant practice as a result of the course.
