THE NATION'S FIRST ANNUAL

Early Age Onset Colorectal Cancer S U M M I T

Saturday, March 21

CONFERENCE LOCATION

Memorial Sloan Kettering Cancer Center

ROCKEFELLER RESEARCH LABORATORIES

430 East 67th Street, between First and York Avenues

New York

COURSE OVERVIEW

This summit launches an annual forum dedicated to understanding the causes of early age onset colorectal cancer; reducing the incidence and increasing survival of the disease as well as improving the quality of life of survivors and their families. The course is designed for Early Age Onset (EAO) colorectal cancer (CRC) survivors as well as physicians and scientists who are interested in advancing their understanding of the rapidly increasing incidence of rectal and colon cancer prior to 50 years of age. The program will provide an opportunity to hear leading clinicians and scientists on the epidemiology, pathogenesis, genomics and lifestyle challenges of EAO-CRC.

The course will include lectures as well as workshops and panel discussions designed to facilitate multidisciplinary consensus regarding the priorities of EAO-CRC prevention, clinical care and research moving forward.

EDUCATIONAL AND SUMMIT OBJECTIVES

- Review the epidemiology, diagnosis and treatment of young adult colorectal cancers.
- Discuss the current state of knowledge on the causes of young adult colorectal cancer and identify specific gaps in that knowledge.
- Provide an evidence based framework for reducing risk, increasing early stage diagnosis and improving treatment and quality of life for these patients.

Saturday, March 21

- 11:00am-12:00pm **REGISTRATION**
- 12:00-12:15pm **WELCOME LUNCHEON**
Overview of the Day and Introductions
Tom Weber MD
- 12:15-12:30pm **A Novel Public Health Opportunity**
Mary Bassett MD MPH
- 12:30-1:00pm **KEYNOTE SPEAKER**
Incidence of Colorectal Cancer in
Young Adults in the United States:
The Current State of the Problem
Rebecca Siegel PhD
- 1:00- 1:20pm **The Clinical Challenges of EAO:**
Reducing Late Stage Diagnosis; Improving
Treatment and Long Term Survival
Nancy You MD
- 1:20-1:40pm **The Contribution of the Known Hereditary**
Colorectal Cancer Syndromes to the Incidence
of Young Adult Colorectal Cancer
Fay Kastrinos MD
- 1:40-2:00pm **BREAK**
- 2:00-2:20pm **Whole Genome Sequencing in**
Early Age Onset Colorectal Cancer:
The Toronto Cohort
Kate McNamara MD
- 2:20-2:40pm **The Microbiome and EAO CRC**
Jiyoung Ahn PhD

The MSK Office of CME and the Colon Cancer Foundation are proud to jointly sponsor this summit.

Saturday, March 21

- 2:40-3:00pm Defining the True Risk Factors for EAO/CRC:
A 21st Century Epidemiology Challenge
Thomas Weber MD
- 3:00-3:20pm Quality of Life after a EAO Diagnosis
& Protecting those you Love
Susan Petersen PhD
- 3:20-3:40pm The Patient Perspective:
Exploring the “New Normal” of
The Young Colon Cancer Patient
Martha Raymond MA CPN
- 3:40-4:00pm BREAK

PRIORITY “NEXTSTEPS” WORKSHOPS

- 4:00-4:45pm **WORKSHOP I**
Medical & Scientific Community Facilitated
Discussion of Research Priorities: Consensus
Goals & Next Steps
- 4:00-4:45pm **WORKSHOP II**
Medical & Scientific Community Facilitated
Discussion of Research Priorities: Consensus
Goals & Next Steps
- 5:00-5:30pm **CONSENSUS FORUM**
Groups Return For Report Back:
Summary of Priorities and Next Steps Moving
Forward Including Next Summit
- 5:30-6:30pm **PRESIDENT’S WINE & CHEESE RECEPTION**

REGISTRATION

\$180	MDs, PhDs, DOs, Residents
\$150	Physician Assistants, Nurse Practitioners
\$100	Practice Managers
\$36	Patient / Survivor Advocates, Fellows, Student, Interns, Residents
\$30*	President's Reception 5-6pm Saturday

*For those not attending the summit.

Registration fee includes an electronic syllabus and other related hand-out materials, continental breakfast, lunch, refreshment breaks and President's Wine & Cheese Reception immediately following the Summit. Special meals are available upon request, including vegetarian, kosher, or gluten-free. Please let us know if we can assist you with special dietary needs.

To register to attend please go to:

TARGET AUDIENCE

EAO CRC Survivors. EAO Health Services Providers and Researchers.

COURSE DESIGN

The course will include lectures as well as workshops and panel discussions designed to facilitate multidisciplinary consensus regarding the priorities of EAO-CRC prevention, clinical care and research moving forward.

EVALUATION

A course evaluation survey sent out electronically will provide attendees with the opportunity to review the sessions and the speakers and to identify future educational needs.

OUTCOMES MEASUREMENT SURVEY

Six months after the end of the course an Outcomes Measurement Survey will be sent to all participants to help us determine what positive impacts have been made on participant practice as a result of the course.

FACULTY DISCLOSURE

It is the policy of MSK to make every effort to insure balance, independence, objectivity, and scientific rigor in all continuing medical education activities which it sponsors as an ACCME accredited provider. In accordance with ACCME guidelines and standards, all faculty participating in an activity sponsored by MSK are expected to disclose any significant financial interest or other relationship with the manufacturer(s) of any commercial product(s) and/or provider(s) of commercial services which are discussed by the faculty members in an educational presentation. As required by the ACCME, when an unlabeled use of a commercial product or an investigational use not yet approved for any purpose is discussed during an educational activity, MSK requires the speaker to disclose that the product is not labeled for the use under discussion or that the product is still investigational.
