FOURTH ANNUAL
DERMATOLOGIC CARE IN ONCOLOGY SYMPOSIUM

CONFERENCE LOCATION
MEMORIAL SLOAN KETTERING CANCER CENTER
ROCKEFELLER RESEARCH LABORATORIES BOARD ROOM
NEW YORK

To register or for more information, please go to:
www.mskcc.org/cme
TARGET AUDIENCE
This course is directed towards Dermatologists, Oncologists, and Oncology Nurses.

COURSE OVERVIEW
Chemotherapy, radiation, surgery, and therapeutic transplants have resulted in remarkable improvements in patient survival. Despite this remarkable success, the majority of patients treated with these drugs will develop dermatologic adverse events, which lead to decreased quality of life and inconsistent antineoplastic therapy, both of which may affect clinical outcome. Therefore, attentive dermatological care is critical for the optimization of anticancer therapies.

COURSE OBJECTIVES
1. Recognize impact on quality of life and clinical characteristics of dermatologic adverse events to therapies in cancer.
2. Understand mechanisms involved in dermatologic adverse events to therapies in cancer.
3. Discuss mechanistically-based interventions to improve quality of life and decrease toxicity in cancer patients.

COURSE DESIGN
This course includes hands-on review of cases which will be intermixed with short didactic lectures. One workstation per participant.

EVALUATION
A course evaluation survey sent out electronically will provide attendees with the opportunity to review the sessions and the speakers and to identify future educational needs.

ACCREDITATION STATEMENT
MSK is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

AMA CREDIT DESIGNATION STATEMENT
MSK designates this live activity for a maximum of 13.0 AMA PRA Category 1 Credits™. Physicians should only claim credit commensurate with the extent of their participation in the activity. The AMA has determined that physicians not licensed in the United States but who participate in this CME activity are eligible for 13.0 AMA PRA Category 1 Credits™.

FACULTY DISCLOSURE
It is the policy of MSK to make every effort to insure balance, independence, objectivity, and scientific rigor in all continuing medical education activities which it sponsors as an ACCME accredited provider. In accordance with ACCME guidelines and standards, all faculty participating in an activity sponsored by MSK are expected to disclose any significant financial interest or other relationship with the manufacturer(s) of any commercial product(s) and/or provider(s) of commercial services which are discussed by the faculty members in an educational presentation. As required by the ACCME, when an unlabeled use of a commercial product or an investigational use not yet approved for any purpose is discussed during an educational activity, MSK requires the speaker to disclose that the product is not labeled for the use under discussion or that the product is still investigational.

OUTCOMES MEASUREMENT SURVEY
Six months after the end of the course an Outcomes Measurement Survey will be sent to all participants to help us determine what positive impacts have been made on participant practice as a result of the course.
